WELLNESS REPORT FOR SDG-3 GOOD HEALTH AND WELL-BEING

The 2030 Agenda for Sustainable Development

In September 2015, all United Nations (UN) Member States adopted the 2030 Agenda for Sustainable Development, a comprehensive framework consisting of 17 Sustainable Development Goals (SDGs) aimed at transforming the world by addressing global challenges, including poverty, inequality, environmental degradation, and peace. The SDGs are built on the principle of "leaving no one behind," which emphasizes inclusivity, and target all forms of inequalities across regions, genders, and social classes.

The SDGs are universal in nature, applicable to both developed and developing countries, and they serve as an actionable blueprint for governments, institutions, private sectors, and individuals to collaborate toward common goals. The 17 SDGs are interconnected, meaning that action in one area will affect outcomes in others. Thus, achieving sustainable development requires holistic and integrated efforts across sectors, including education, health, energy, and governance.

Key SDGs Focus: The 17 SDGs cover areas like ending poverty (SDG-1), quality education (SDG-4), gender equality (SDG-5), affordable and clean energy (SDG-7), and good health and well-being (SDG-3).

Understanding SDG-3: Good Health and Well-being

SDG-3 on Good Health and Well-being, specifically aims to ensure healthy lives and promote well-being for all at all ages. It addresses some of the most pressing global health challenges, such as maternal and child health, non-communicable diseases, epidemics, and universal health coverage (UHC). SDG-3 is unique because health is both a driver and an outcome of sustainable development.

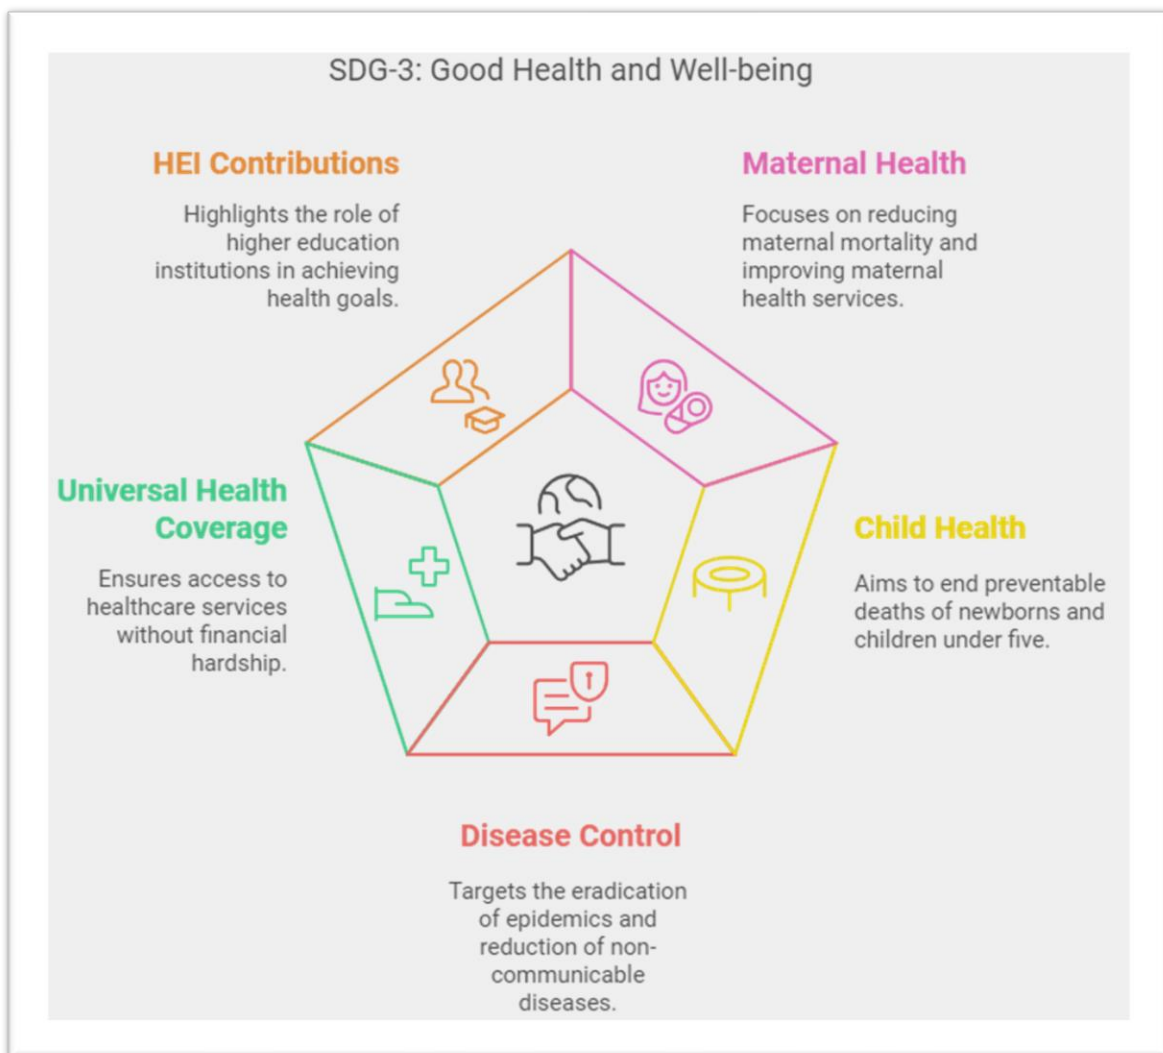

SDG-3 comprises 13 targets and 28 indicators to measure progress, including:

- a) Reducing maternal mortality: Aiming to reduce the global maternal mortality ratio to less than 70 per 100,000 live births by 2030.
- b) Ending preventable deaths of newborns and children under 5: Reducing neonatal mortality to at least as low as 12 per 1,000 live births.
- c) Ending the epidemics of HIV, tuberculosis, malaria, and neglected tropical diseases: A focus on communicable diseases that disproportionately affect Low- and Middle-Income Countries (LMICs).
- d) Reducing premature mortality from non-communicable diseases (NCDs): By promoting mental health, reducing substance abuse, and addressing rising NCD burdens such as cardiovascular diseases, diabetes, and cancer.

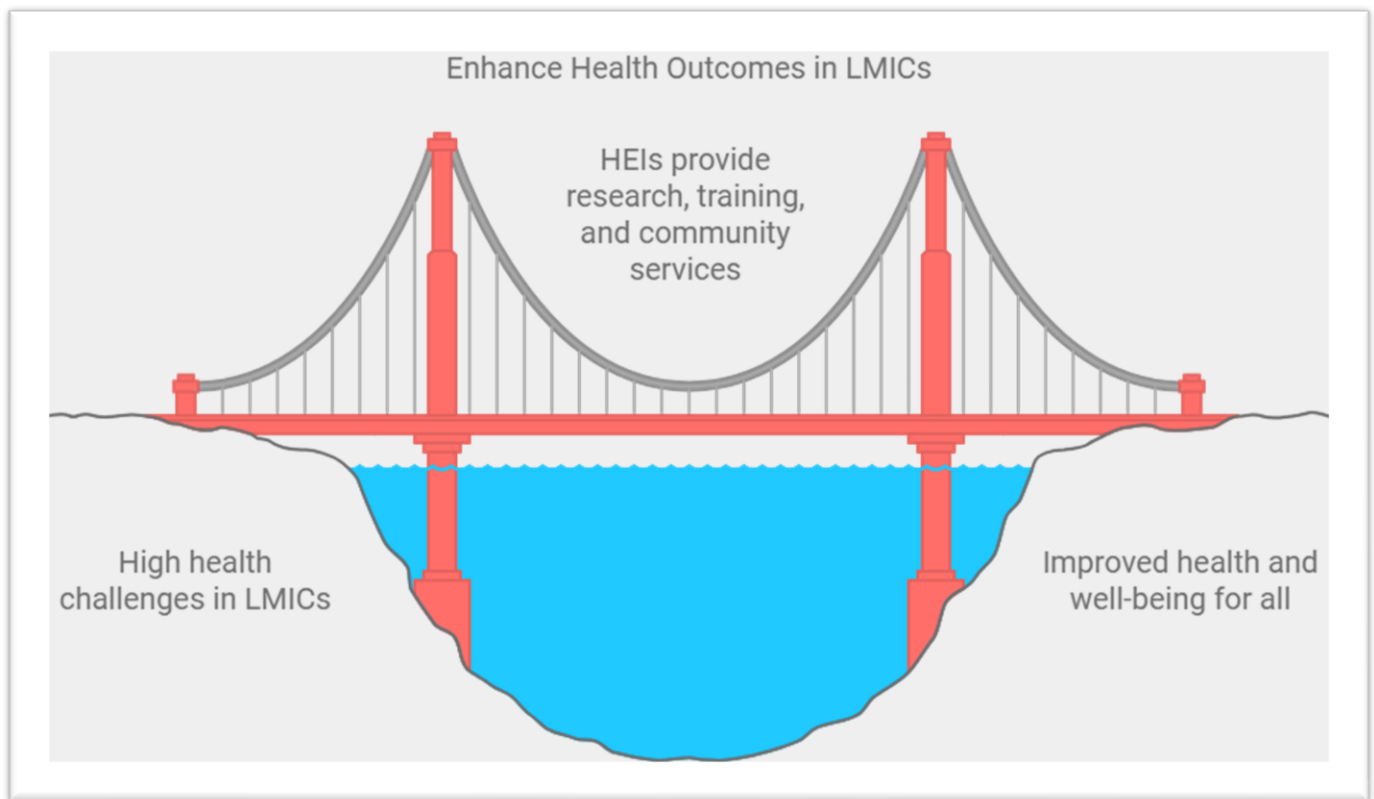

- e) Universal health coverage (UHC): Achieving UHC means ensuring that all individuals and communities receive the healthcare services they need without suffering financial hardship.

Achieving these targets requires the strengthening of health systems, the training of skilled healthcare workers, innovation in medical research, and global partnerships. Thus, SDG-3 is interlinked with other goals, such as SDG-4 (Quality Education), SDG-5 (Gender Equality), and SDG-9 (Industry, Innovation, and Infrastructure), where quality healthcare plays a pivotal role in enhancing the overall development agenda.

Relevance of SDG-3 to Higher Education Institutions (HEIs) in Low- and Middle-Income Countries (LMICs)

THE ROLE OF HIGHER EDUCATION INSTITUTIONS (HEIS) IN SDGS

Higher Education Institutions (HEIs) are key players in the global movement toward achieving the SDGs. Through education, research, and community outreach, HEIs contribute significantly to sustainable development. In LMICs, where health disparities and infrastructure challenges are more pronounced, HEIs play a crucial role in:

- **Developing human capital:** By educating future doctors, nurses, and healthcare workers, HEIs serve as pipelines for the health workforce needed to achieve SDG-3.
- **Conducting local and global health research:** HEIs in LMICs often focus on health issues that are neglected in global research, such as infectious diseases, maternal and child health, and malnutrition. These institutions are ideally positioned to conduct culturally relevant and context-specific research that informs public health policy and practice.
- **Promoting health innovation:** HEIs can serve as innovation hubs, especially when it comes to developing low-cost healthcare technologies suited to resource-limited environments.

HEALTH CHALLENGES IN LMICs

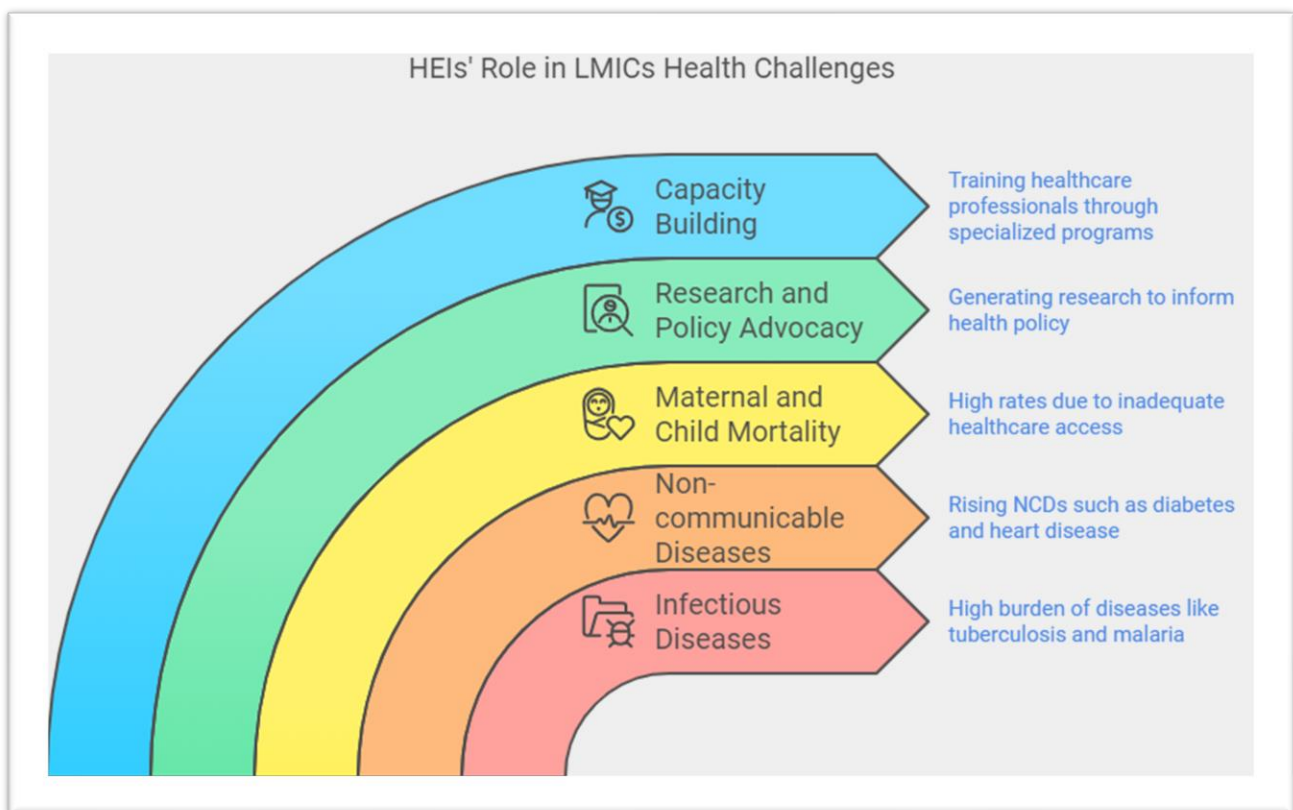

HEIs in LMICs face unique challenges due to the overwhelming health needs of their populations and the resource constraints they operate under. Some of these challenges include:

- **High burden of infectious diseases:** LMICs disproportionately suffer from diseases such as tuberculosis, HIV, malaria, and water-borne illnesses, which remain significant causes of mortality and morbidity.
- **Non-communicable diseases (NCDs):** NCDs such as diabetes, heart disease, and cancer are on the rise in LMICs due to changing lifestyles, urbanization, and limited healthcare systems.
- **Maternal and child mortality:** Despite significant progress, LMICs still report higher rates of maternal and infant mortality due to inadequate access to healthcare facilities and trained health professionals.

ROLE OF HEIs IN ADDRESSING THESE CHALLENGES

- **Research and Policy Advocacy:** HEIs in LMICs play a critical role in generating research that informs health policy. For instance, universities with medical and public health faculties can develop evidence-based solutions to improve maternal health services, reduce NCD prevalence, and control infectious diseases.
- **Capacity Building for Healthcare Professionals:** Through specialized programs in public health, medicine, and allied health sciences (e.g., nursing, physiotherapy), HEIs in LMICs train the next generation of healthcare professionals. They also provide continuing education for in-service health workers, upgrading skills and ensuring that practitioners are well-versed in the latest developments.
- **Community Engagement and Extension Services:** HEIs engage in community-based health programs that provide direct care and preventive health services to underserved populations. These programs, such as health camps, and disease prevention workshops, extend the impact of HEIs beyond their campuses.

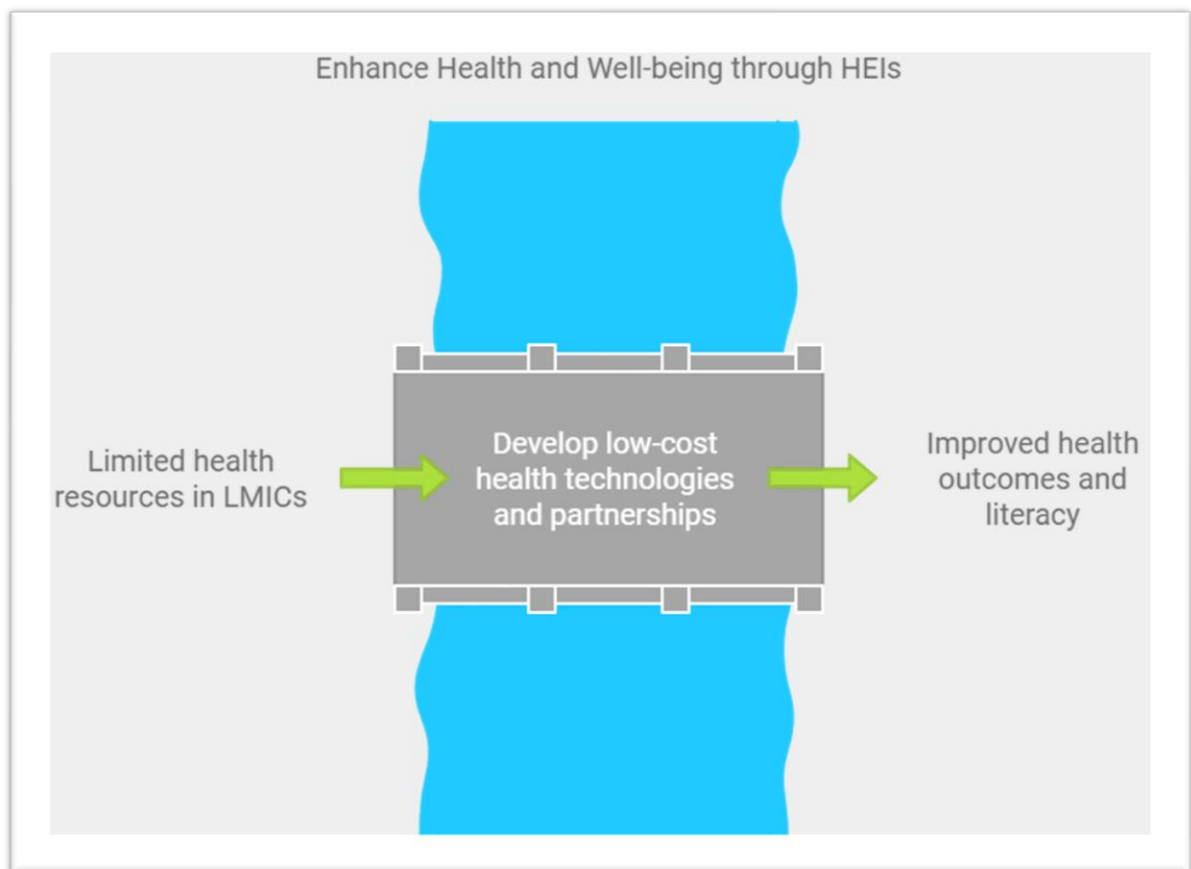

OPPORTUNITIES FOR HEIS IN LMICS TO CONTRIBUTE TO SDG-3

Despite the challenges, HEIs in LMICs are well-positioned to capitalize on several opportunities in promoting good health and well-being:

- **Innovation in Low-Cost Health Technologies:** Universities in LMICs can focus on developing affordable, culturally relevant health technologies (e.g., telemedicine for remote areas, solar-powered health devices) that can be scaled globally.
- **Strengthening Partnerships:** HEIs can build partnerships with international universities, government bodies, non-governmental organizations (NGOs), and the private sector to boost research funding, exchange knowledge, and drive innovation in healthcare.
- **Promoting Health Education and Literacy:** As educators, HEIs can play a pivotal role in improving health literacy in LMICs. This includes teaching communities about disease prevention, reproductive health, and the importance of early healthcare interventions.
- **Scaling Community Health Programs:** HEIs often serve as epicenters for health outreach, conducting programs in rural areas and urban slums that offer direct medical care, immunization, and health education. By scaling these efforts, HEIs can play a significant role in reducing disease burdens and improving public health outcomes.

DR. D.Y. PATIL VIDYAPEETH'S CONTRIBUTION TO SDG-3 THROUGH RESEARCH AND INNOVATION IN HEALTH

Vision & Mission Statement aligning with SDG-3

Dr. D.Y. Patil Vidyapeeth (DPU), Pune, plays a pivotal role in advancing SDG-3 through its strong focus on healthcare education, research, and community outreach. The institution's contributions span across multiple dimensions, from academic research to public health services, addressing both local and global health challenges.

Institutional Support for Health Research

DPU has created an environment that fosters research and innovation in healthcare. The university's Research Promotion Policy ensures that faculty members and researchers receive the support necessary to undertake meaningful health-related research. This includes:

2.(a) Seed Grants

The institution has allocated INR 55.13 lakhs in seed money for health-related research projects during the academic year 2022-23. These grants provide initial funding for innovative healthcare projects, enabling faculty to explore new research areas and develop pilot studies.

RESEARCH PROJECTS THAT RECEIVED SEED MONEY

Title of the Project	Duration	Name(s) of the teacher(s) working in the project receiving seed money	The amount of seed money provided (INR in lakhs)	Year of receiving the seed money
Procuring dry bones from embalmed cadavers by cost effective approach using chemical method	3 Years	Dr. Preeti Sonje Dr. Neelesh Kanasker	1.50	2022-2023
The study of cardiac biomarkers in Prediabetes and in Established type 2 diabetes mellitus patients	2 Years	Dr. Sarita Anil Shinde	2.50	2022-2023
Clinico-biochemical correlation of CMV viral load and Tacrolimus levels in follow up study of renal transplant patients	3 Years	Dr. Abhijit Pratap	5.00	2022-2023
Clinico mycological profile of Onychomycosis: A Study from Tertiary care Centre in Western Part of Maharashtra	6 Months	PI-Ellora Pandey Co PI- Dr.Rajashri Patil	.05	2022-2023
Assessment of Synergy between Ceftazidime -A vibactam and Aztreonam against gram organisms in a tertiary healthcare set up.	6 Months	PI-Dhurv Qureshi Co PI- Dr.Shahzad Mirza	.05	2022-2023
Prevalence of Dermatophytosis at a tertiary health care centre in Western Maharashtra	6 Months	PI-Inchara P Co PI- Dr.Jyoti Ajagunde	.05	2022-2023
Comparative analysis of liquid based cytology	2 years	Dr.Mangesh Londhe	3.00	2022-2023

Title of the Project	Duration	Name(s) of the teacher(s) working in the project receiving seed money	The amount of seed money provided (INR in lakhs)	Year of receiving the seed money
with conventional exfoliative cytology in oral				
undergraduate medical students and intern students.	Ongoing	Dr. Shailaja Mane, Dr.Sanjay Chavan,Dr. Supriya Gupte	6.00	2022-2023
Metabopsy of first nail clipping and milk teeth for the arly diagnosis of inherited metabolic disorders (IMD) : A pilot study	Ongoing	Dr. Shradha Salunkhe	2.00	2022-2023
Early detection of white matter hyperintensities and other changes through MRI brain imaging with DTI and ASL scan in end- stage renal disease patients on renal replacement therapy	2 years	Dr. Nilesh Shinde	7.00	2022-2023
Tunnelled Hemodialysis Catheter-Associated Endocarditis: Evaluation with Trans-esopaghageal Echocardiography.	2 years	Dr. Pavan Wakhare	3.33	2022-2023
Comparative evaluation of the efficacy of diode Ndyag laser assisted biopsies with conventional scalpel biopsy procedures	5 years	Dr.Sunil Mishra	.60	2022-2023
Effect of binaural audio-visual distraction aid in combination with nitrous oxide inhalation sedation (NIOS) on the behavior during local	6 months	Dr.Nilesh Rathi	.50	2022-2023

Title of the Project	Duration	Name(s) of the teacher(s) working in the project receiving seed money	The amount of seed money provided (INR in lakhs)	Year of receiving the seed money
anaesthesia (L.A) administration in children				
Are we neglecting the psychological pandemic amidst covid 19 ? A questionnaire study on social anxiety among dental students and staff of Dental college.	3 months	Dr. Monika srivastav	.10	2022-2023
The Immunomodulatory effect of aqueous extract of simarouba glauca with respect to phenotype and functionality of exhausted CD+T Lymphocytes	14 months	Dr.Elizabeth Dony	1.85	2022-2023
Application of Artificial Intelligence using Machine Learning to detect, classify and prevent cancer	2 years	Dr. Priya Pise	3.00	2022-2023
Antimicrobial peptidebased feed formulation for the control of <i>Avian influenza</i> in Poultry	1 year	Dr. Ganesh Patil	5.00	2022-2023
Application of STTM (short tandem target mimic) in tomato to silence miR319 for developing antiviral resilience against Tomato leaf curl viruses	2 years	Dr. Supriyo Chowdhury	3.00	2022-2023
Profiling of circulating long non coding RNAs underlying the Metformin treatment in	3 years	Dr. Satish Raut	2.00	2022-2023

Title of the Project	Duration	Name(s) of the teacher(s) working in the project receiving seed money	The amount of seed money provided (INR in lakhs)	Year of receiving the seed money
patients with Type 2 Diabetes				
Quantitative analysis of tomato nuclear proteome during Tomato leaf curl virus infection to characterize components of antiviral immunity	2 years	Dr. Sneha Rai	1.50	2022-2023
Investigation of wound healing activity of Nanofibrous mats from <i>Nigella sativa</i> extracts and <i>In silico</i> Binding Sites	2 years	Dr. Heena Tabassum	1.00	2022-2023
Linguistic profile evaluation for dementia diagnosis using Deep Learning and Natural Language Processing	2 years	Mrs. Akanksha Goel	1.50	2022-2023
Implications of Applying Artificial Intelligence for Talent Aquisitions	2 years	Dr. Debjani Guha	.35	2022-2023
Tear Metabopsy" A proof of concept for metabolic disorder amongst new-borns	2 years	Dr Neeta Mishra, Dr Nilesh Kumar Sharma	2.00	2022-2023
Comparative study on anti-cancer effect of Cannabis sativa, Tetrahydrocannabinol, Cannabidiol upon colorectal and breast cancer cell lines	2 Years	Dr Swagata Tavhare	2.50	2022-2023
Early Dementia Diagnostics using Linguistic and deep Learnings Techniques	2 year	Mrs.Akanksha Goel	3.00	2022-2023
Screening of Homoeopathic Formulation for the enhancement of	6 months	PI - Himanshu Shekhar Co - PI- Dr. D.B. Sharma	.05	2022-2023

Title of the Project	Duration	Name(s) of the teacher(s) working in the project receiving seed money	The amount of seed money provided (INR in lakhs)	Year of receiving the seed money
chondrogenic and osteogenic differentiation of umbilical cord mesenchymal stem cells (UC-MSCs)				
Assessment of anti-adpogenic activity of Homoeopathic preparation of Chelidonium majus (HPCM) employing 3TL1 cell line model.	6 months	PI-Chinmay Gawade Co - PI - Dr. Parth Aphale,	.05	2022-2023
Efficacy of Homoeopathic Ultra High Dilutions on germination and growth against colocyath (Bitter Apple) seeds.	6 months	PI Shashank Dokania Co - PI - Dr. Ragini Kulkarni	.05	2022-2023
Understanding the awareness of informed consent among students of various fields of medicine.	6 months	PI -Jaarvi Motwani Co - PI - Dr Vineet Sinnarkar	.05	2022-2023

2(B) Research Promotion Policy and Its Implementation To Healthcare Research At DPU

Dr. D.Y. Patil Vidyapeeth's Research Promotion Policy (RPP) is designed to encourage and support research activities, including those related to health projects. It provides a framework for funding, interdisciplinary collaboration, and enhancing research skills through training programs. The policy also offers incentives for publications and innovations, motivating researchers to contribute meaningfully to the field. By focusing on securing both internal and external funding, promoting collaborative research, and ensuring proper ethical and methodological standards, the policy fosters a conducive environment for impactful health-related research at the institution.

The policy is effectively implemented within the healthcare research domain at DPU:

- **Promoting Research Culture:** The university has ingrained a strong research culture by encouraging faculty, postgraduate, and undergraduate students to participate in

innovative healthcare research. Research-focused seminars, workshops, and conferences are regularly organized to build a research-oriented mindset.

- **Ethics and Integrity:** DPU has a well-established Institutional Ethics Committee (IEC) that ensures all healthcare research adheres to ethical guidelines. This ensures that research involving human subjects, clinical trials, and patient-centered outcomes are conducted with the highest ethical standards, safeguarding participants' rights and well-being.
- **Interdisciplinary Collaboration:** The policy emphasizes interdisciplinary research in healthcare, promoting collaborations between various fields such as medicine, physiotherapy, dentistry, and public health. This enhances the scope of research and fosters innovation by combining diverse expertise.
- **Capacity Building:** Regular training sessions on research methodologies, biostatistics, and data management are organized to empower faculty and students with the necessary skills for high-quality research. DPU provides mentorship to young researchers and encourages their involvement in healthcare-related projects, promoting growth in research capabilities.
- **Funding and Support:** DPU provides seed money and encourages faculty to apply for national and international funding opportunities. The university facilitates access to research infrastructure and modern laboratories, ensuring researchers have the resources they need to conduct cutting-edge healthcare research.
- **Publication and Dissemination:** Researchers are encouraged to publish in reputed, high-impact journals, and DPU supports open access initiatives to make healthcare research findings more widely available. Regular progress is tracked, and the Vidyapeeth recognizes and rewards outstanding research contributions in healthcare.
- **Focus on Healthcare Innovation:** By aligning its research objectives with public health priorities, DPU addresses contemporary healthcare issues such as non-communicable diseases, patient-reported outcomes, and healthcare delivery models. The institution also explores the potential of integrating technology in healthcare, such as telemedicine and health informatics.

The research promotion policy can be accessed here:

<https://dpu.edu.in/documents/other/research-policy-document-ver4.pdf>

2(c). Standard Operating Procedure for DPU-Short Term Studentship (DPU-STs) Program

In alignment with the principles of Sustainable Development Goal 3 (SDG 3), which aims to ensure healthy lives and promote well-being for all at all ages, the DPU-Short Term Studentship (DPU-STs) Program seeks to foster innovation, research, and skill development among students in the field of healthcare. By providing students with opportunities to engage in research projects that address key health challenges, the program aims to cultivate a new generation of healthcare professionals equipped to contribute to improved health outcomes in their communities.

Through this initiative, Dr. D. Y. Patil Vidyapeeth aims to empower students with the knowledge, resources, and mentorship needed to explore innovative solutions to public health issues, thereby

enhancing the research capacity of the institution and contributing to national and global efforts to achieve SDG 3 targets. The program not only focuses on advancing academic knowledge but also emphasizes the practical application of research in addressing pressing health concerns, with a strong focus on underserved populations and equitable healthcare delivery.

This proactive approach positions the DPU-STS Program as a catalyst for change, driving advancements in healthcare through evidence-based research while supporting the global agenda of promoting well-being for all.

The standard operating procedure for DPU-Short Term Studentship(DPU-STS) Program can be accessed here:

[https://dpu.edu.in/documents/standard-operating-procedures/dpu-standard-operating-procedure-for-short-term-studentship-\(sts\).pdf](https://dpu.edu.in/documents/standard-operating-procedures/dpu-standard-operating-procedure-for-short-term-studentship-(sts).pdf)

2(d). Access to Central Research Facilities

DPU offers access to certified laboratories, e-databases, and cutting-edge health informatics systems. The institution's infrastructure supports clinical research, drug development, and trials aimed at improving healthcare outcome.

ICMR Clinical Trial Centre

Clinical trial Centre at Dr. D.Y. Patil Vidyapeeth, Pune provides an avenue for research that will lead to improved understanding of recent developments in clinical research. The Centre is approved by Indian Council for Medical Research (ICMR) as Clinical Trial Centre (ICCT) for Western Region. Clinical trial Center was incepted in December 2005 at the department of Paediatrics of Dr. D.Y. Patil Medical College, Hospital and Research Centre and has so far conducted more than 50 clinical trials . Since opening in December 2015, our dedicated and self-contained clinical research and trials facility has revolutionized how trials are conducted. With multi- disciplinary team of researchers on purpose-built Translational research facility at the precinct, the center has been successfully building on enhancing collaboration and links between basic and clinical research and patient care. The Centre is also involved into conducting training sessions in collaboration with Harvard Medical School, USA on COVID and Global Health on 2nd June'2021. The training provided the medical students and faculties of the Dr. D. Y. Patil Medical College, Hospital and Research Centre about the issues related to COVID and Global Health.

RESEARCH PROJECTS AT ICMR CLINICAL TRIAL CENTRE

Project Proposal Title	Principal Investigator	Sponsor	Year
Randomised Evaluation of Covid-19 Therapy	Dr. Shubhangi Kanitkar	University of Oxford India Co-Ordinator- ICMR	2022
A phase 3, observer-blind, randomized, controlled study to evaluate the safety and immunogenicity of a booster dose of covovax in Indian	Dr. Srikanth Tripathy	Serum Institute of	2022
A prospective, multi-center, single arm, open label, study to evaluate safety and efficacy of RanizuRelTM containing Ranibizumab for intra-vitreous injection, manufactured by Reliance Life Sciences, Pvt. Ltd. India in patients with neovascular	Dr. Nilesh Giri	Reliance Life Sciences Pvt. Ltd	2022

Project Proposal Title	Principal Investigator	Sponsor	Year
(wet) age-related macular degeneration.			
LRP/LUBT010/2016/008: A Global, Phase III, Double Blind, Randomized Controlled Study to Compare the Efficacy, Safety & Immunogenicity of LUBT010 with Lucentis® in Patients with Neovascular Age-Related Macular Degeneration	Dr. Nilesh Giri	LUPIN pharmaceuticals Pvt. Ltd CRO- IQVIA	2022
A Prospective, Multi-centre, Open-labelled, Randomized, Phase II study seamlessly followed by a Phase III study to evaluate the Safety, Tolerability and Immunogenicity of GEMCOVAC-OM as a booster in Subjects 18 years of age and older.	Dr Vikram Vikhe	Gennova Biopharmaceutic	2022
A prospective, post marketing clinical follow up study to evaluate the safety and Performance of Sirolimus Eluting Cobalt Chromium Coronary Stent System in Real World Indian population.	Dr Susheel Kumar Malani		2022
A Phase III, Prospective, Randomized, Parallel group, Double-blind, Multicentre Study to Compare the Efficacy, Safety, and Immunogenicity of Lupin's Aflibercept with Eylea® in Patients with Neovascular Age-Related Macular Degeneration	Dr. Nilesh Giri	LUPIN pharmaceuticals Pvt. Ltd	2023

Project Proposal Title	Principal Investigator	Sponsor	Year
A Prospective, Multi-centre, Single-arm, Phase IV Study to Assess the Safety and Efficacy of Fixed Dose Combination of Brinzolamide and Timolol Ophthalmic Suspension to Decrease Intraocular Pressure (IOP) in Adult Patients with Open-angle Glaucoma or Ocular Hypertension for whom Monotherapy Provides Insufficient IOP Reduction." ICR/22/002	Dr. Megha Ramnik Kotecha	SUN PHARMA	2023
Prospective, multi-center, randomized, open label, active control, phase 2 clinical study to evaluate immunogenicity, safety and tolerability of single heterologous booster dose of RelCoVax® (Protein Subunit Vaccine of Reliance Life Sciences against SARS-CoV-2 Virus) with Corbevax® (Protein Subunit Vaccine of Biological E Ltd. against SARS-CoV-2 Virus)	Dr. Srikanth Tripathy	Reliance Life Sciences Pvt. Ltd	2023

Animal House (Accredited by Committee for the Purpose of Control and Supervision of Experiments on Animals, Government of India)

Dr. D.Y. Patil Vidyapeeth’s Animal House serves as a cornerstone of research and innovation, accredited by the Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), Government of India. This state-of-the-art facility ensures the ethical and humane treatment of animals in research, adhering to national and international standards of animal care, which aligns with the principles of **Sustainable Development Goal 3 (SDG-3): Good Health and Well-being.**

- Supporting Scientific Research for Better Health:** As part of the university's commitment to advancing healthcare and medical sciences, the Animal House plays a pivotal role in the development of new medical treatments and drugs. Pre-clinical research, which requires thorough testing for efficacy and safety, relies on the responsible use of animals to simulate

human diseases and conditions. This research is crucial for the innovation of new therapeutic strategies and the development of life-saving medicines, directly contributing to SDG-3's target of improving the health and well-being of populations.

- **Ethical Standards and Regulatory Compliance:** The Animal House at Dr. D.Y. Patil Vidyapeeth follows strict guidelines set forth by CPCSEA, ensuring the highest level of ethical care for research animals. The facility incorporates best practices for animal welfare, including proper housing, nutrition, and healthcare. By maintaining these standards, the institution demonstrates its dedication to ethical scientific advancement, reducing unnecessary harm while prioritizing the welfare of animals involved in research.
- **Contributing to Global Health Initiatives:** Through its research outputs, the Animal House supports global health initiatives in areas such as infectious diseases, chronic illness management, and preventive healthcare. The facility's work contributes to the development of vaccines, medicines, and diagnostic tools that address pressing health challenges both in India and worldwide, aligning with SDG-3's mission to ensure healthy lives and promote well-being for all at all ages.

Regenerative Medicine Laboratory

The Regenerative Medicine Laboratory (RML), is a state-of-the-art research lab in Dr. D. Y. Patil Dental College & Hospital, Sant Tukaram Nagar, Pimpri, India, dedicated to the study of dental pulp stem cell and regenerative biology. RML mandate to allow this cross-disciplinary, multipronged approach to research, straddles the divide between clinical and laboratory research in stem cell biology. Research at RML, involves a wide range of topics in stem cell biology.

FDA APPROVAL LETTER

Microbial Diversity Research Centre

1. Sophisticated and progressive infrastructure, competent teaching staff with commitment to translational research, motivated students empowered with scientific autonomy, a perfect agglomeration of disciplines, in bilateral or multilateral cooperation (strategic networks and industry driven) and,
2. Potential of creating Centre's for Excellence of international standards.
3. Continuous and meticulous planning of **International collaborations** linked to national strategic initiatives providing an opportunity for the students and researchers for International mobility, life long learning and extension of knowledge to bridge the gap between regions.
4. International collaborations at the Centre towards **adequate peer-to-peer learning** in each domain of expertise that has developed and fostered student and faculty exchange programs, participation in international conferences and internationally focused study programs.
5. The Centre has developed international collaborations for research with University of Skovde, Sweden; Ecole Nationale D'Ingenieurs de Sfax, Tunisia and Middle Tennessee University, USA. Research collaborations with national organizations like National Chemical Laboratory, National Centre for Cell Science, Mahatma Phule Krishi

Vidyapeeth, University of Pune, Agharkar Research Institute and companies like Praj and Rise and Shine is also well established.

6. **Collaboration with University of Skovde, Sweden**, has been the most promising and successful collaboration which has helped the Centre in building networks and partnerships in its goal of achieving excellence in research.

VA Computrace Voltammetry system

Laminar hoods for sterile work space

Fluorescent & Phase contrast Microscope Lyophilizer for freeze drying of cells and metabolites

2(e). In-house indexed journals to contribute to health care research goals in SDG-3

In-house indexed journals play a crucial role in advancing healthcare research and supporting the goals of Sustainable Development Goal 3 (SDG-3), which focuses on ensuring healthy lives and promoting

well-being for all ages. These journals provide a platform for local researchers to publish studies that address specific health challenges within their communities, such as chronic diseases, maternal health, infectious diseases, and non-communicable diseases. By contextualizing global healthcare practices to local populations, in-house journals help enhance the effectiveness of health interventions in regions with unique cultural, economic, and environmental factors.

The Medical Journal of Dr. D.Y. Patil Vidyapeeth, Journal of Dental Research and Review and DPU's Journal of Ayurveda, Homeopathy, and Allied Health Sciences play pivotal roles in advancing healthcare research and aligning with the objectives of Sustainable Development Goal 3 (SDG-3), which aims to ensure healthy lives and promote well-being for all ages. Each journal contributes to the healthcare research landscape in unique ways, fostering interdisciplinary collaboration and supporting the local and national health goals of India.

- **The Medical Journal of Dr. D.Y. Patil Vidyapeeth:** facilitates interdisciplinary research across medicine, public health, and clinical care, which is essential for addressing the complex health challenges outlined in SDG-3. By publishing research on topics such as maternal and child health, infectious diseases, and healthcare innovations, MJ-DPU contributes to improving health outcomes across a range of indicators, including reducing maternal mortality and combating epidemics. The journal encourages studies that explore healthcare disparities, access to essential medicines, and the implementation of new medical technologies, aligning with SDG-3's goals of universal health coverage and equitable healthcare. MJ-DPU also plays a vital role in building research capacity within the institution, encouraging both faculty and students to contribute to evidence-based healthcare practices, ultimately improving clinical outcomes.

Abstracting & Indexing Information

The journal is indexed with, or included in, the DOAJ, Scimago Journal Ranking, SCOPUS.

- **Journal of Dental Research and Review:** serves as a crucial platform for publishing research that addresses specific oral health challenges in India, such as the burden of dental caries, periodontal diseases, and oral cancer. As oral health is a key aspect of general health, JDRR's focus on preventive care, early diagnosis, and evidence-based dental practices directly contributes to SDG-3's goal of reducing the burden of non-communicable diseases. By fostering research on innovative treatments and community-based dental health programs, the journal supports efforts to enhance access to quality oral healthcare, especially in underserved areas. The research published in JDRR also helps improve public health policies aimed at promoting better oral hygiene practices, thus playing a part in achieving SDG-3's targets on health education and preventive measures.

Abstracting & Indexing Information

The journal is registered with the following abstracting partners:

Baidu Scholar, CNKI (China National Knowledge Infrastructure), EBSCO Publishing's Electronic Databases, Ex Libris - Primo Central, Google Scholar, Hinari, Infotrieve, National Science Library, ProQuest, TDNet, Wanfang Data

The journal is indexed with, or included in, the DOAJ.

- **DPU's Journal of Ayurveda, Homeopathy, and Allied Health Sciences:** provides trans-disciplinary platform for publishing on integrative health sciences. JAHAS issues broad spectrum coverage for publication of authentic researches related to Ayurved, Yoga, Homeopathy, Physiotherapy and other Allied Health sciences.

FACULTY ENGAGEMENT IN HEALTHCARE RESEARCH

A. The faculty members of DPU are deeply engaged in conducting research aimed at solving critical healthcare issues. During 2022-23, **60 faculty members** were awarded national and international fellowships, participating in collaborative research and health conferences. These faculty-led projects range from clinical trials on new treatments to public health research focusing on disease prevention and health promotion.

Some notable areas of research include:

- 1) **Chronic disease management:** DPU has undertaken extensive research on managing non-communicable diseases such as diabetes and cardiovascular diseases, which are prevalent in the Indian population.
- 2) **Public health interventions:** The institution is engaged in projects that focus on improving access to healthcare in rural and underserved areas, addressing health disparities.
- 3) **Healthcare innovation:** The faculty at DPU is involved in developing healthcare solutions tailored to the needs of resource-limited settings, including affordable diagnostic tools and telemedicine services.

EXTRAMURAL RESEARCH GRANTS

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
Randomized evaluation of COVID-19 therapy (Recovery)	Dr.Shubhangi Kanitkar	ICMR - National Institute of Epidemiology	2022
Dental Pulp Mesenchymal Stem Cells Secretome in the Pathophysiological reversal of Oral Submucous fibrosis	Dr. Supriya Kheur	Indian Council of Medical Research	2022
–Tackling Food Marketing to Children aged 9-12 years through Food Focused Advertising Media Literacy Intervention - A	Dr.Anmol Mathur Dr.Aditi Mathur	Indian Council of Medical Research	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
mixed method approach			
NTEP (National Tuberculosis Elimination Programme)	PI-Dr.Sahjid Mukhida JR III and Dr. Prerna Verma	NTEP (National Tuberculosis Elimination Programme)	2022
National Clinical Registry of Covid-19	Dr. Sachin Shivnitwar	Indian Council of Medical Research	2022
MAA Project	Dr. Pramila Menon	Directorate of Medical Education and Research	2022
Identification and quantification of differentially expressed gene in patients with oral potentially malignant disorders	Dr. Roopa Yadahalli	Indian Council of Medical Research	2022
Comprehensive evaluation of long non-coding RNAs in oral squamous cell carcinoma diagnosis and therapy	Dr. Subhayan Sur	Department of Biotechnology (DBT)	2022
Investigating the role of a tomato membrane bound NAC TF (SINACMTF3) in shaping antiviral immune response against tomato leaf curl virus.	Dr. Supriyo Chowdhury	Department of Science and Technology (DST-SERB-SRG)	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
A Pilot study to assess the effect of intranasal oil instillation (Pratimarsha Nasya) on nasal barrier function among healthy individuals.	Dr. Sarika Chaturvedi	Central Council for Research in Ayurvedic Sciences (CCRAS) AYUSH, Govt. Of India, New Delhi.	2022
DST (Role of ayurvedic rasayana in Osteogenic and Adipogenic differentiation of Human Umbilical Cord-derived mesenchymal stem cells in 3D culture and diseased animal models	Regenerative Medicine Laboratory	Department of Science and Technology (DST-SERB-SRG)	2022
Adaptive Platform Treatment Trial for Outpatients with COVID-19 (Adapt Out COVID)	Dr. S. R. Agarkhedkar	Zyuds Lifesciences Limited	2022
A Prospective, Randomised, Double-blind, Placebo controlled, Phase-II by III Study to Evaluate Safety, Reactogenicity, Tolerability and Immunogenicity of CORBEVAX Vaccine in Children and Adolescents	Dr. S. R. Agarkhedkar	Biological E. Ltd.	2022
A phase III, randomized, multi-centre, double blind, placebo controlled, study to evaluate efficacy, safety and immunogenicity of Novel Corona Virus -	Dr. S. R. Agarkhedkar	PPD Pharmaceutical Development India P. Ltd. Mumbai	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
2019-nCov vaccine candidate			
A Prospective, single arm, Multi-centric , Active Post Marketing Surveillance Study for evaluation of safety and efficacy of EDC of Amitriptyline and Chlordiazepoxide tablets of Dr. Reddy's Laboratories Ltd. In management of depression with co-morbid anxiety	Dr. Archana Javdekar	Dr. Reddy' Laboratories Ltd	2022
Randomized Phase I,II & III HGCO19 Vaccine Trial	Dr. Prakash Shende	Digno Search Life Science P. Ltd.	2022
A prospective, multi-center, open labelled , Randomized ,Phase II study seamlessly followed by a Phase III study to evaluate the safety , Tolerability and Immunogenicity of GEMCOVAC-OM as a booster in Subjects 18 years of age and older.	Dr. Vikram Vikhe	JSS Medical Research Asia Pacific Private Limited, Faridabad	2022
A phase 3, observer-blind, randomized,controlled study to evaluate the safety and immunogenicity of a booster dose of covovax in Indian adults who have received primary	Dr. Shrikant Tripathy	PPD Pharmaceutical Development India P. Ltd. Mumbai	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
vaccination against COVID-19			
A Global, Phase III, Double Blind, Randomized Controlled Study to Compare the Efficacy, Safty & Immunogenicity of LUBT010 with Lucentis in Patients with Neovascular Age-Related Macular Degeneration	Dr. Nilesh Giri	IQVIA RDS (India) Pvt. Ltd.	2022
A Randomized, Double-Blind, Vehicle-Controlled, Three Ann, Parallel Group, Multi-Centric, Clinical Study to Establish the Therapeutic Equivalence of Tacrolimus 0.1% Topical Ointment of Intas Pharmaceuticals Limited with Protopic® 0.1% Topical Ointment in Adult Patients with Moderate to Severe Atopic Dermatitis (413-21)	Dr. Hemant Talnikar	Lambda Therapeutic research	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
A Randomized, Double-Blind, Vehicle-Controlled, Three Ann, Parallel Group, Multi-Centric, Clinical Study to Establish the Therapeutic Equivalence of Tacrolimus 0.3% Topical Ointment of Intas Pharmaceuticals Limited with Protopic® 0.3% Topical Ointment in Adult Patients with Moderate to Severe Atopic Dermatitis (414-21)	Dr. Hemant Talnikar	Lambda Therapeutic research	2022
A prospective, multi-center, single arm, open label, study to evaluate safety and efficacy of RanizuRel™ containing Ranibizumab for intra-vitreous injection, manufactured by Reliance Life Sciences, Pvt. Ltd. India in patients with neovascular (wet) age-related macular degeneration.	Dr. Nilesh Giri	Reliance Life Sciences Pvt. Ltd	2022
Hybrid Trial for Alcohol Reduction amount Peopole with TB and HIV-TB in India(HATHI Study)	Dr. A. L. Kakrani	John Hopkins University (National Institute on Alocohol Abuse and Alcoholism)	2022
Tuberculosis (TB) Aftermath	Dr. M.S. Barthwal	John Hopkins University (National Institute of allergy and infection Diseases)	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
Efficacy of Yoga on Lung Volumes, Capacity & Cognition in school Going Children	Dr. Reema Joshi Dr Manisha Rathi	Indian Academy of Fitness Training	2022
A Randomized, multi-Center, Prospective, Comparative Clinical Study to Evaluate efficacy and safety of AP/VJT/SBO Ayurvedic Hair Oil in mild to moderate Hair Loss in females.	PI - Dr. Aboli Patil, CO-I - Dr. Harsha Thanavi & CRC - Dr. Priyanka Daundkar,	Target institute of medical education and research (TIMER)	2022
A randomized, comparative, double blind, multi-centric prospective, interventional clinical study to evaluate efficacy and safety of AHPL/AYLIQ/0717 syrup in comparison with Marketed formulation in participants suffering from menstrual irregularities	PI - Dr. Jayshree Patil CRC - Dr. Pratiksha Lade Dr. Geetika Ghai	Ari Helathcare Pvt Ltd	2022
Evaluation of efficacy and safety of combination therapy of VAMHA and MYRHA in the management of PCOS - An Open labelled, Randomized, Multi-center, Comparative Prospective, Clinical study	PI - Dr. Rahul Barhathe CO-I - Dr. Nitin Gawande, CRC - PG Scholars - Dr. Diksha Paliwal Dr. Geetika Ghai	Target institute of medical education and research (TIMER)	2022
Study to assess efficacy and safety of polyherbal formulation (COVI-RB01) as add-on therapy with standard of care in mind and	Dr. Prashant Khade	Alakart Bio Pharma Pvt Ltd	2022

Name of the Project, Clinical Trial, Endowment, Chairs	Name of the Principal Investigator/Co Investigator	Name of the Funding agency	Year of Award
moderate covid-19 Postive Patients			
Improving primary and preventive care for NCD in Jharkhand w.s.r.t.Cancer and Menstrual HygieneManagement	Dr.Biranchi Jena	Sir Dorabji Tata Trust	2022
Consultancy Project on Health Management for Medicare Excellences centre	Dr.Snehal Maheshkar	Medicare Excellance Centre	2022
To determine the efficacy of polyherbal formulation in increasing physical fitness performance and muscular endurance in albino rats	Dr. Parth Aphale	Dr. Willmar Schwabe India Pvt. Ltd.	2022
To evaluate safety and efficacy of Homeopathic formulation against Loperamide induced constipation in rats	Dr. Parth Aphale	Dr. Willmar Schwabe India Pvt. Ltd.	2022
To evaluate safety and efficacy of Homeopathic formulation against Testosterone induced alopecia in rats	Dr. Parth Aphale	Dr. Willmar Schwabe India Pvt. Ltd.	2022

FACULTY PUBLICATIONS ALIGNING WITH SDG-3

Dr. D.Y. Patil Vidyapeeth, Pune, has made significant strides in contributing to SDG-3 (Good Health and Well-being) through the impactful research conducted by its faculty members. These publications reflect the institution’s commitment to advancing healthcare research, fostering innovation, and addressing critical health challenges faced by both local and global communities.

Faculty research at DPU spans across a broad spectrum of health-related areas, including non-communicable diseases (NCDs), infectious diseases, public health, and clinical innovations, all of which align with SDG-3 targets aimed at promoting well-being and ensuring access to quality healthcare for all.

LIST OF FACULTY PUBLICATIONS

Sr. No.	Authors	Article Title	Source Title	Publication Year
1	Sookaromdee, P; Wiwanitkit, V	Comment on Sonographic Evaluation of the Pancreas in Type 1 Diabetes Mellitus: A Case-control Study	JOURNAL OF MEDICAL ULTRASOUND	2023
2	Mungmunpantipantip, R; Wiwanitkit, V	Comment on telomerase reverse transcriptase rs2736098 and rs2736100 in bladder cancer	REPORTS OF PRACTICAL ONCOLOGY AND RADIOTHERAPY	2023
3	Sriwijitalai, W; Wiwanitkit, V	Listeriosis, vascular problem, a disease should be recognized	FORMOSAN JOURNAL OF SURGERY	2023
4	Sharma, D; Alekar, A; Pawar, S; Jain, A	A Survey to Assess the Impact of COVID-19 Pandemic on Lifestyle in an Adult Age Group	ALTERNATIVE THERAPIES IN HEALTH AND MEDICINE	2023
5	Sookaromdee, P; Wiwanitkit, V	Monkeypox infection: Correspondence	INDIAN JOURNAL OF PHARMACOLOGY	2023
6	Mungmunpantipantip, R; Wiwanitkit, V	COVID-19 vaccine and its effect on sperm	REPRODUCTION AND FERTILITY	2023
7	Rathi, M; Joshi, G; Naik, R; Naikwad, S; Nair, V; Metkari, S; Mehta, K	Attitude and knowledge of physiotherapy students toward mental health and patients with psychiatric illnesses	JOURNAL OF MENTAL HEALTH AND HUMAN BEHAVIOUR	2023

Sr. No.	Authors	Article Title	Source Title	Publication Year
8	Sookaromdee, P; Wiwanitkit, V	Platelet-rich plasma injections in the management of severe dry eye	JOURNAL OF THE EGYPTIAN OPHTHALMOLOGICAL SOCIETY	2023
9	Mungmunpantipantip, R; Wiwanitkit, V	IL-10-1082G/a gene polymorphism and the risk of acute lung injury/respiratory distress syndrome: Correspondence	HEART & LUNG	2023
10	Kleebayoon, A; Wiwanitkit, V	Correspondence on functional neurological disorders after COVID-19 and SARS-CoV-2 vaccines	JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY	2023
11	Srivastav, M; Dony, EC	A Review on Therapeutic Potential of Cold Atmospheric Plasma Therapy in Oral Cancer: Emerging Trends and Amelioration	JOURNAL OF CLINICAL AND DIAGNOSTIC RESEARCH	2023
12	Chitale, A; Alekar, A; Sinnarkar, V	Efficacy of Constitutional Prescription in Homoeopathic Management of Psoriasis: Case Report	ALTERNATIVE THERAPIES IN HEALTH AND MEDICINE	2023
13	Mungmunpantipantip, R; Wiwanitkit, V	Genetic polymorphisms in apolipoprotein E and atrial fibrillation	REVISTA PORTUGUESA DE CARDIOLOGIA	2023
14	Kleebayoon, A; Wiwanitkit, V	Environmental perspectives of monkeypox virus: correspondence	REVIEWS ON ENVIRONMENTAL HEALTH	2024
15	Sriwijitalai, W; Wiwanitkit, V	Esophagitis and SARS-CoV-2 vaccine Vacuna contra la esofagitis y el SARS-CoV-2	MEDICINA CLINICA	2023
16	Wiwanitkit, S; Wiwanitkit, V	Nipah virus infection: Its emerging and risk for clinical practice	FORMOSAN JOURNAL OF SURGERY	2023
17	Tambolkar, S; Chavan, M; Prasad, P; Lendave, A; Raut, C; Agarkhedkar, S; Bhawalkar, J	Rare occurrence of Coxsackievirus B4 along with Coxsackieviruses A6 and A10 from hand, foot and mouth disease	JOURNAL OF KRISHNA INSTITUTE OF MEDICAL SCIENCES UNIVERSITY	2023
18	Mungmunpantipantip, R; Wiwanitkit, V	Monkeypox, pregnancy, and evidence of vertical transmission: reply	AMERICAN JOURNAL OF OBSTETRICS AND GYNECOLOGY	2023
19	Mungmunpantipantip, R; Wiwanitkit, V	Monkeypox and pregnancy: correspondence	AMERICAN JOURNAL OF OBSTETRICS AND GYNECOLOGY	2023
20	Kotwani, E; Aphale, P; Sharma, D	Breast Abscess Healing with Homoeopathy: A Case Report	ALTERNATIVE THERAPIES IN HEALTH AND MEDICINE	2023

Sr. No.	Authors	Article Title	Source Title	Publication Year
21	Joob, B; Wiwanitkit, V	Exposure history and molecular epidemiology of SARS-CoV-2: A reappraisal	JOURNAL OF FAMILY MEDICINE AND PRIMARY CARE	2023

INTERNATIONAL COLLABORATIONS WITH HEALTHCARE INSTITUTIONS TO FOSTER RESEARCH PARTNERSHIPS

Relevance to SDG 3: Good Health and Well-being

Dr. D.Y. Patil Vidyapeeth's collaborations are deeply aligned with **SDG 3: Good Health and Well-being**, aiming to improve health outcomes on both a national and global scale.

- Strengthening Diagnostic and Treatment Capacity

The various national and international partnerships have significantly improved diagnostic capabilities, especially in infectious diseases and genetic disorders, resulting in earlier detection and better treatment outcomes.

- Advancing Healthcare Education and Capacity Building

Collaborations with renowned institutions provide students and faculty at DPU with exposure to cutting-edge research and clinical practices, helping to build a more skilled healthcare workforce that can address global healthcare challenges.

- Addressing Global Health Challenges through Research

International collaborations, particularly those focusing on infectious diseases, cardiovascular health, and therapeutic innovations, have strengthened DPU's research capacity, enabling the institution to contribute to global solutions for pressing health challenges.

- Community Outreach and Public Health Programs

Through national partnerships, DPU has actively participated in community health initiatives, organizing health camps, diagnostic screenings, and public health programs, particularly in underserved regions. These efforts have contributed to improving healthcare access and reducing health disparities in vulnerable communities.

COLLABORATIONS IN GLOBAL HEALTH RESEARCH

MoU with Johns Hopkins University, USA

- **Relevance to SDG 3:** This collaboration focuses on infectious disease research, which plays a crucial role in reducing the global burden of diseases such as HIV and tuberculosis.
- **Objectives:** To conduct collaborative research on infectious diseases, with a particular focus on developing innovative treatment strategies for HIV, tuberculosis, and other global health challenges.
- **Impact:** The partnership has enhanced DPU's research capacity in infectious diseases, contributing to global efforts to control and eliminate these diseases. Through joint research projects, DPU has contributed to the development of new treatment protocols and has played a role in advancing global health initiatives related to infectious disease prevention and treatment.

MoU with Gothenburg University, Sweden

- **Relevance to SDG 3:** Cardiovascular diseases are among the leading causes of mortality worldwide, and this collaboration aims to address unmet healthcare needs in cardiovascular treatment.
- **Objectives:** The collaboration aims to study unmet healthcare needs in cardiovascular diseases, focusing on improving prevention and treatment strategies.
- **Impact:** By identifying gaps in healthcare services for cardiovascular diseases, the partnership has helped to improve care and reduce the global burden of these diseases. Research findings from this collaboration have informed the development of new cardiovascular care protocols, leading to better outcomes for patients.

COLLABORATIONS IN THERAPEUTIC INNOVATIONS AND CLINICAL TRIALS

MoU with VISTA Institute for Therapeutic Innovations, USA

- **Relevance to SDG 3:** This collaboration supports the development of new therapeutic interventions through clinical trials, contributing to advancements in medical treatments.
- **Objectives:** To conduct multi-center randomized controlled trials (RCTs) on innovative drug interventions and therapeutic innovations.
- **Impact:** The partnership has enabled DPU to participate in global clinical trials, leading to the development of new treatments for chronic and life-threatening diseases.

Participation in clinical trials has contributed to global advancements in therapeutic interventions, resulting in better treatment options for patients worldwide.

MoU with Global Pharma Corporations for Multi-Center Trials

- **Relevance to SDG 3:** Multi-center clinical trials are critical for developing new medications and therapies that address global health challenges.
- **Objectives:** The collaboration aims to conduct large-scale clinical trials to test the efficacy and safety of new drugs, contributing to the development of innovative therapeutic solutions.
- **Impact:** These trials have contributed to the approval of new drugs and therapies, improving treatment options for various health conditions. DPU has gained valuable experience in conducting multi-center clinical trials, enhancing its research capacity and contributing to global therapeutic innovations.

COLLABORATIONS FOCUSED ON ACADEMIC EXCHANGES AND CAPACITY BUILDING

Study Abroad Program with University of Skövde, Sweden

- **Relevance to SDG 3:** Academic exchanges help build global healthcare capacity by exposing students and faculty to diverse healthcare practices and innovations.
- **Objectives:** To provide students with the opportunity to study abroad and gain exposure to global healthcare systems, promoting cross-cultural learning and skill development.
- **Impact:** This program has enriched students' academic experience, providing them with a global perspective on healthcare and equipping them with the skills needed to address global health challenges. Students who have participated in the exchange program have returned with new knowledge and skills, which they have applied in their academic and professional careers.

Collaboration with Nord University, Norway

Collaboration with Ayurveda Institute of Canada

BETWEEN

DR. D. Y. PATIL COLLEGE OF AYURVED & RESEARCH CENTER, PUNE, INDIA

AND

ANDIJAN STATE MEDICAL INSTITUTE, UZBEKISTAN

With the objective of strengthening their mutual cooperation as well as striving for the promotion of mutual exchanges, **DR. D. Y. PATIL COLLEGE OF AYURVED & RESEARCH CENTER** at DR. D. Y. PATIL COLLEGE OF AYURVED & RESEARCH CENTER, Pimpri, Pune – 411018 Maharashtra, India and **ANDIJAN STATE MEDICAL INSTITUTE** having its address at Yu.Otabekov 1, Andijan city/Uzbekistan has concluded the following agreement:

Article 1: Fields of Cooperation

Cooperation between the two universities will be undertaken from the perspective of promoting academic and cultural ties. That cooperation will include educational and research activities in all the areas and disciplines offered at the two institutions.

Article 2: Forms of Cooperation

1. Both universities agree that their cooperation will include, but not be limited to the following areas:

- (i) The promotion of exchange of faculty members and/or researchers from both institutions;
- (ii) Facilitation of the acceptance of faculty members and researchers from both institutions who are preparing for their doctoral dissertations;
- (iii) Promotion of collaborative research and collaborative publication of research results by faculty members and researchers from both institutions;

Dr. G. H. Yeola
Principal of Dr. D. Y. Patil College
of Ayurved & Research Center, Pune

INSTITUTE, UZBEKISTAN

Collaboration with Andijan State Medical Institute, Uzbekistan

NATIONAL COLLABORATIONS WITH HEALTHCARE INSTITUTIONS TO FOSTER RESEARCH PARTNERSHIPS

Dr. D.Y. Patil Vidyapeeth has **50 national collaborations** with institutions, hospitals, research centers, and public health organizations across India. These collaborations aim to improve diagnostic capabilities, enhance healthcare delivery, and promote academic and research advancements.

COLLABORATIONS FOCUSED ON DIAGNOSTICS

MoU with Joint Director of Health Services, Pune

- **Relevance to SDG 3:** This partnership aims to enhance molecular diagnostic testing for infectious diseases, contributing to reducing the spread and impact of infectious diseases in the region.
- **Objectives:** The primary objective of this collaboration is to develop and implement rapid molecular diagnostic methods that can detect infectious diseases at an early stage, allowing for quicker treatment and better patient outcomes.
- **Impact:** By improving the accuracy and speed of diagnosis, this partnership has significantly reduced the time between diagnosis and treatment, leading to better management of diseases and a reduction in disease transmission. The collaboration has resulted in the implementation of advanced diagnostic techniques, training of healthcare professionals, and improvements in public health management through faster disease detection.

MoU with Genetic Diagnostics, Pune

- **Relevance to SDG 3:** The focus on genetic diagnostics aligns with the goal of improving personalized healthcare, which is critical for the prevention and treatment of hereditary diseases.
- **Objectives:** This partnership aims to advance research in genetic diagnostics to improve the detection of hereditary conditions and genetic disorders.
- **Impact:** By leveraging advanced genetic testing, this collaboration has enabled the development of personalized treatment plans, improving patient outcomes for those with genetic disorders. Faculty and students have gained exposure to state-of-the-art genetic diagnostic tools, enabling more precise diagnoses and facilitating better patient care.

MoU with PGI & YCM Hospital, Pune

- **Relevance to SDG 3:** This partnership focuses on reducing the incidence of cervical cancer by promoting early detection through HPV molecular testing.
- **Objectives:** The collaboration aims to implement advanced molecular testing for **Human Papillomavirus (HPV)**, a significant cause of cervical cancer, to enhance early detection and prevention efforts.
- **Impact:** Through this partnership, DPU has strengthened its capacity to conduct HPV screenings, which has led to a reduction in cervical cancer cases by enabling earlier intervention.

Sixty postgraduate students have been trained in molecular diagnostic methods, expanding their expertise and improving the capacity for cervical cancer prevention.

COLLABORATIONS FOCUSED ON HEALTHCARE DELIVERY

MoU for Witnessing Medico-Legal Post Mortem

- **Relevance to SDG 3:** This collaboration provides students with exposure to forensic medicine, which indirectly supports healthcare justice and improves overall healthcare quality.
- **Objectives:** The partnership aims to provide undergraduate medical students with hands-on experience in medico-legal post mortem procedures, allowing them to gain practical skills in forensic medicine.
- **Impact:** The collaboration has improved students' understanding of medico-legal frameworks, enabling them to apply these skills in future clinical and forensic settings. A total of **247 students** have received practical training in forensic medicine, which has improved their readiness for real-world applications in medico-legal contexts.

MoU with Dr. D.Y. Patil Hospital and Research Centre

- **Relevance to SDG 3:** This partnership aims to strengthen access to healthcare services in underserved regions, aligning with SDG 3's goal of achieving universal health coverage.
- **Objectives:** The primary objective is to expand the hospital's healthcare services, particularly for underserved communities, by enhancing its capacity to deliver quality care.
- **Impact:** This collaboration has resulted in improved healthcare access for marginalized populations, leading to better health outcomes and reduced health disparities. The hospital has increased its capacity to treat more patients and has improved the quality of care delivered to vulnerable populations.

COLLABORATIONS FOCUSED ON ACADEMIC AND RESEARCH DEVELOPMENT

MoU with ICMR-NARI

- **Relevance to SDG 3:** This research collaboration focuses on public health issues such as emerging infectious diseases, contributing to the prevention and control of these diseases.
- **Objectives:** The collaboration aims to promote academic development and research, particularly in virology and public health, to address local and global health challenges.
- **Impact:** Through this partnership, DPU has strengthened its research capabilities in infectious diseases, contributing to better understanding and management of emerging public health threats. This partnership has provided students and faculty with opportunities to participate in cutting-edge research, contributing to significant advancements in public health.

MoU with National Cancer Institute

- **Relevance to SDG 3:** This collaboration addresses the global burden of cancer by promoting research and innovations in cancer treatment and prevention.
- **Objectives:** To conduct collaborative research focused on cancer prevention, early detection, and treatment, with a particular emphasis on improving patient outcomes.
- **Impact:** This partnership has led to advances in cancer research, resulting in the development of new diagnostic tools and treatment protocols. The collaboration has contributed to a better understanding of cancer biology, leading to improved cancer treatment options and enhanced patient care.

COLLABORATIONS FOR COMMUNITY HEALTH AND PUBLIC HEALTH INITIATIVES

MoU with Public Health Organizations for Health Camps

- **Relevance to SDG 3:** This partnership supports public health initiatives such as health camps, which provide essential healthcare services to underserved communities.
- **Objectives:** To organize and conduct health camps that offer free diagnostic screenings and healthcare services to underserved populations, contributing to better health outcomes.
- **Impact:** These health camps have improved access to healthcare services in rural and underserved areas, helping to detect and treat health conditions early. Thousands of people have benefited from these health camps, receiving free diagnostic tests, medical consultations, and treatments.

COLLABORATIONS

At Dr. D.Y. Patil Vidyapeeth (DPU), we recognize that transformative education and impactful research thrive in a collaborative ecosystem. Our partnerships with globally renowned institutions embody our dedication to academic excellence, innovation, and societal impact. DPU's commitment to fostering meaningful alliances spans healthcare, science, technology, entrepreneurship, and policy, creating diverse and dynamic opportunities for knowledge exchange, interdisciplinary research, and sustainable development.

Through collaborations with leading universities, research centers, government agencies, and industry leaders, DPU aims to address some of the most pressing global challenges. These alliances are designed to enhance our community's skills, broaden intellectual perspectives, and provide our students and faculty with access to international resources and expertise. Our global partners, including institutions such as Harvard Medical School, University of Canterbury, New Zealand, Zydus Therapeutics INC, and Alte University, Georgia, exemplify DPU's pursuit of academic rigor and innovation. These relationships ensure that our academic community is equipped with cutting-edge knowledge and best practices that advance education and healthcare on a global scale.

DPU's partnerships are also closely aligned with the United Nations Sustainable Development Goals (SDGs), particularly SDG 3 (Good Health and Well-being), SDG 4 (Quality Education), SDG 9 (Industry, Innovation, and Infrastructure), and SDG 17 (Partnerships for the Goals). Our collaborations contribute to a more equitable and sustainable future by advancing healthcare standards, enhancing educational practices, promoting entrepreneurship, and building resilient health systems. Through joint research programs, student and faculty exchanges, and global conferences, DPU is committed to fostering innovations that benefit communities locally and internationally.

In establishing these partnerships, DPU remains steadfast in its mission to develop a future-ready workforce and create lasting solutions for real-world challenges. Our collaborative approach not only strengthens academic and research capabilities but also reinforces DPU's role as a global leader in inclusive and sustainable development. Together with our partners, we are driven by a shared vision to transform lives, empower communities, and contribute to a healthier, more prosperous world.

STRENGTHENING GLOBAL HEALTH IMPACT THROUGH INTERNATIONAL ACADEMIC VISITS

Dr. D.Y. Patil Vidyapeeth, Pune (DPU), has welcomed a series of high-profile international visits, strengthening its global academic, research, and healthcare partnerships. Delegations from prominent institutions, including the University of Canterbury, New Zealand; Harvard Medical School; Zydus Therapeutics INC; Alte University, Georgia; Andijan State Medical Institute, Uzbekistan; Semey Medical University, Kazakhstan; and dignitaries from South Sudan, have engaged with DPU to foster collaboration in health education, research, and clinical practice. These visits reflect DPU's commitment to advancing healthcare and education in line with Sustainable Development Goal 3 (Good Health and Well-being), as well as promoting global knowledge exchange and institutional growth.

Outcomes of the Visits:

➤ University of Canterbury, New Zealand

Engagement with Professor Ian Wright (Deputy Vice Chancellor - Research), Professor Brett Berquist (Assistant Vice Chancellor - Engagement), and Ms. Monique Van Veen (Associate Director - International) focused on potential research collaborations in healthcare and developing student exchange programs to enhance global exposure for both institutions.

➤ Harvard Medical School & Zydus Therapeutics INC

Dr. Ajay K. Singh (Senior Associate Dean, Postgraduate Medical Education) emphasized collaborations in postgraduate medical education and shared expertise in advanced medical training techniques, contributing to enhancing DPU's clinical training programs. Dr. Deven Parmar (Chief Medical Officer & Head - Clinical R&D) discussed potential collaborations on clinical research, focusing on innovative therapies and drug development, particularly in the areas of chronic diseases and public health challenges.

➤ Alte University, Tbilisi, Georgia

Mr. Ramaz Kukuladze (President of Alte University) explored academic partnerships, particularly in the field of medical education, research, and faculty exchange programs aimed at enhancing curriculum standards and student mobility between the institutions.

➤ Andijan State Medical Institute, Uzbekistan

The visit of Dr. Farruhbek Rasulov (Vice-Rector) and Prof. M. M. Madazimov (Rector) facilitated discussions on collaborative research projects, student exchanges, and faculty development initiatives, with a focus on shared healthcare challenges in the South Asian and Central Asian regions.

➤ Semey Medical University, Kazakhstan

Dr. Altay Dyussupov (Rector) and his team explored joint research opportunities in public health, epidemiology, and healthcare education, with an emphasis on creating exchange programs for students and faculty members.

➤ **South Sudan Delegation**

H.E. Thomas Kenneth Elisapana (Ambassador of South Sudan) and Mr. Albino Ater Bolk Akot (Immigration Attaché) discussed strengthening healthcare training for South Sudanese students at DPU, aiming to build the healthcare capacity of South Sudan through education and training programs offered by DPU.

These international engagements have bolstered DPU's global network, enhancing its capacity to contribute to the health sector through innovative education, research, and international collaboration. Each visit aligns with DPU’s strategic goal of contributing to SDG 3 by improving health outcomes and educational standards on a global scale.

Research and Teaching Programme in:

1. Brain behavior and ageing brain problem like Parkinson's & Dementia
2. Technology to enhance Humanity, Health Science and how we can contribute.
3. Research in Public Health.
4. Bio Engineering Field, Bio Equipment & Bio Informative Health Care & Bio Genetic Research, Bio Molecular Lab.
5. Physiology & Natural Wellbeing
6. Ph.D. Students for Nutrition
7. Cancer Diagnosis & Drug Trials.
8. Malnutrition for child and mother that is affecting the brain development

Dr Ajay Singh, MBBS, FRCP, MBA

Senior Associate Dean, Postgraduate Medical Education, Harvard Medical School

Renal Physician, Brigham and Women's Hospital and the Dana Farber Cancer Institute.

Postgraduate Medical Education

Biography

Dr. Ajay K. Singh is Senior Associate Dean for Postgraduate Medical Education at Harvard Medical School and Director of the Master in Medical Sciences in Clinical Investigation (MMSCI) program.

He leads a vibrant group of faculty and staff in developing and overseeing postgraduate medical education at HMS, as well as the Master's program in Clinical Investigation. He has been Executive Director for the Dubai Harvard Foundation of Medical Research since 2008.

Dr. Singh completed his **undergraduate and medical training in England at University College London School of Medicine**. He moved to Boston in 1987 for his **clinical and research renal fellowship at Tufts-New England Medical Center**, which he finished in 1992 when he joined the Tufts University faculty. In 1998, he moved to the Brigham and Women's Hospital – one of the principal teaching hospitals of Harvard Medical School – as Clinical Director of the Renal Division and Director of Dialysis Services and Associate Professor of Medicine at HMS.

In 2008, he became **Chief Academic Officer and Executive Director of the Dubai Harvard Foundation for Medical Research (DHFMR)**. Dr. Singh's interests are in clinical research – with a particular focus on the anemia of chronic kidney disease. He led ground-breaking studies in anemia of kidney disease, including the CHOIR study, which was published in the *New England Journal of Medicine*, and well as being a member of the steering committees for the TREAT and DRIVE studies. More recently, he has taken on the role of leading the ASCEND Clinical development program – a phase 3 program for the development of a novel propyl hydroxylase inhibitor Daprodustat.

Dr. Singh is currently Chair of the Editorial Board for Nephrology Times and formerly Editor-in-Chief of Scientific American Medicine. He leads the office of Postgraduate Medical Education at the Brigham and Women's Hospital and in this capacity leads several HMS CME courses.

He is the author of over 160 original contributions and review articles, as well as author/editor of 11 books on internal medicine and nephrology. Dr. Singh is a Fellow of the Royal College of Physicians in London and has an MBA from Boston University.

Dr. Deven Parmar, MD, FACP, FCP(US)

**Chief Medical officer & Head - Clinical R n D ,
Zydus Therapeutics INC,**

**MBBS, MD (Clinical Pharmacology) : Grant Medical College
FELLOW - American College of Clinical Pharmacology.**

Clinical Development Leadership

- Lead Global (US/EU) Development Team managing both the US/EU.
- Established and drove Development Team strategy and deliverables producing the Development Strategy, CDP and Clinical Protocols. Recommended scope, complexity & size, & influence the budget of all aspects of a program. Provided continual critical evaluation of the development strategy to maintain a state-of-the-art development plan that was competitive & consistent with the latest regulatory requirements,& proactive identification of challenges.
- Responsible for global decisions making recommendations that impact regional and global development such as “go/no go” decisions or modification of development plans or study designs that may have a significant impact on timelines or product labeling.

Protocol Development, Study Execution, & Interpretation

- Drove clinical science activities relating to the preparation / approval of synopses, protocols & the conduct of clinical studies. Advised other clinical scientists involved in these activities, and was accountable for the successful design & interpretation of clinical studies.
- Responsible for medical monitoring activities, assessing issues related to protocol conduct &/or individual subject safety.
- Directed activities involved in interactions with regulatory agencies & clinical development activities undertaken to establish & maintain strong relationships with KOLs

Due Diligence

- Conducted due diligence evaluations, & development of CDPs for potential alliances & or in-licensing opportunities. Assesses scientific, development feasibility, evaluating strategic fit

with overall portfolio, evaluating complete or ongoing clinical trials, assessing regulatory interactions & future development plans, interacting with upper management of potential partner/acquisition companies during DD visit.

Highlights Of the Visit

Key areas of discussion

Dr. Ajay Singh-

Dr. Ajay Singh connected with Brigham and women's hospital and expert in training suggested how to explore various area of training in-

- Quality and safety in medical hospital.
- Training in healthcare leadership program for budding doctors as well as junior doctors.
- Faculty development programs in tie-up with Harvard medical school.
- Collaboration in research in infectious diseases and tuberculosis.
- Establishing research collaboration with Harvard Medical school.
- To conduct certification program as a workshop for 50 competitive Medical Students on a hybrid/online mode in partnership with DPU and this workshop will be conducted at DPU India.
- He also suggested that medical students can be nominate for Masters programs in Clinical Research for 2 years masters at Harvard Medical School.
- He also addresses students Medical College Students and gave informative lecture on how to publish in high impact journals and with case studies as example.

Dr. Deven Parmar-

- Dr. Deven Parmar addressed students of Medical College Hospital spoke that students need to do Research Programmes in Clinical Research and Master Programme if they need to be placed Internationally. This will give prominence output and visibility for DPU Internationally.

Glimpses of the visit

Along with discussion the guest also took a brief look towards all the specialized departments of DPU hospital. Walk around with the team to different areas of the Hospital.

Report on Visit

Discussions at Hi-Tech Hospital (Board Room)

1. They have many Doctors and Faculty who can be sent to DPU for training in the Specialty of IVF / Robotics surgery & Ayurveda.
2. Our Hospital USP is excellent State of Art Technology & Infrastructure that can be used as a learning Platform for International Students, in Student / Faculty Training (Certification Programmes).
3. Discussion on areas of Tie-up :
 - Medical tourism
 - Organ transplant
 - IVF
 - Neurology
 - Robotics surgery

Discussions at University (Board Room)

- Honorable Dr. P. D. Patil sir welcomes the guests in the university board room. Also, the Rector from Andijan's University felicitated our Honorable Dr. P. D. Patil with a robe and an honorary degree of "Professor" (ASMI) with Robe. MOUs were signed between Hospital, University.
- Invitation for an offshore campus near Andijan University -Like-Sharda University which has engineering, computer science, Management program etc. All help and support from ASMI are to be provided like Ministries and Mayers connected through them.
- Indian government is already tied up with Uzbekistan government, and the Ministry of Health, and subsidy to be provided by both governments.
- Fortis Hospital has signed an MOU with ASMI (MoU of Fortis will be shared)
- They are very much interested in to set up Ayurvedic hospital.
- Ayurveda certification courses can be provided by DPU.
- Start college at Uzbekistan tie-up with Andijan University (ASMI)
- Nursing student can come to learn in DPU from ASMI.

डॉ. डी. वाय. पाटील विद्यापीठ व अंदीजान स्टेट मेडिकल इन्स्टिट्यूट उझबेकिस्तान यांच्यामध्ये शिक्षणविषयक करार

चिन्ती : डॉ. डी. वाय. पाटील विद्यापीठ व अंदीजान स्टेट मेडिकल इन्स्टिट्यूट उझबेकिस्तान यांच्यामध्ये शिक्षण, शैक्षणिक विद्यार्थी देवाण-घेवाण, आरोग्य व आंतरराष्ट्रीय वैद्यकीय देवाण-घेवाणसंबंधी विविध करार करवात आले आहेत.

उझबेकिस्तान येथील अंदीजान मेडिकल इन्स्टिट्यूटला ६ सदस्यीय शिष्टमंडलने सोमवारी (दि. १७) डॉ. डी. वाय. पाटील, विद्यार्थी, शिष्ट मंडलने भेट दिली. भला व उझबेकिस्तान यांचे सैद्धांतिक, राबकीय, सामाजिक आणि सांस्कृतिक क्षेत्रात जबाबे आणि सौलभ्यतेचे संशोधन आला. या शिष्टमंडलाचे उच्च सैद्धांतिक क्षेत्रात शिक्षण व विद्यार्थी देवाण-घेवाण, आरोग्यविषयक रुग्णांची काळजी घेणे, आंतरराष्ट्रीय स्तरावर वैद्यकीय शोधी-तुष्टिपत्रांच्या विचार-विनिमय करणे व त्याची देवाण-घेवाण करणे अशा विविध विषयांवर चर्चा होऊन सामंजस्य करार झाले. या वेळी विद्यार्थीचे कुलपती डॉ. पी. डी. पाटील, उपकुलपती डॉ. चण्णुशंकर पाटील, डॉ. अश्विनीकांत पाटील, डॉ. वसंतराव पाटील, निवृत्त व चारमंजारी संतलक डॉ. निताळई जयप, कुलपक डॉ. ए. वे. पवार, कुलसचिव डॉ. ए.

डॉ. डी. वाय. पाटील विद्यापीठ व अंदीजान स्टेट मेडिकल इन्स्टिट्यूट उझबेकिस्तान यांच्यामधील शिक्षणविषयक करारप्रसंगी उपस्थित विद्यार्थीदेचे कुलपती डॉ. पी. डी. पाटील व अंदीजान स्टेट मेडिकल युनिव्हर्सिटीचे रेक्टर डॉ. मादमिन मादाझोवोव्ह बुमिनोविच.

एच. सुरेश्वर उपस्थित होते. डॉ. डी. वाय. पाटील विद्यापीठाने राष्ट्रीय बहुविद्यालयीय शिष्टमंडलाचा पदा पातळ आहे, तर वैद्यकीय शिक्षण क्षेत्रात विशेष उत्तीर्णनीय काम करत आहे. असे मात उझबेकिस्तानच्या शिष्टमंडलाने स्पष्ट केले. विद्यार्थीदेचे विविध विद्यालयांतून वैद्यकीय, रंग, आयुर्वेद, होमिओपॅथी, नर्सिंग, फिजिओथेरेपी, बायोटेक, म्यसक्युलर, बुद्धिमत्ता, सलम्य अँग टेक्नॉलॉजी, स्कूल ऑफ डिझाईन व निवृत्त आदर्श हे अभ्यासक्रम राबवले जाताना. शिष्टमंडलात तंत्रिक संस्था व आरोग्यसेवा व नवीनतुष्टीला चालत

देण्यासाठी, स्थानिक समर्थने मिळवून घेण्यासाठी एक अनुकूल इकोसिस्टम तयार केली आहे. या सर्वोपयोगी विद्यार्थीदेचे कुलपती डॉ. पी. डी. पाटील यांनी सुरती व मार्गदर्शन आहे. उझबेकिस्तान येथील अंदीजान स्टेट मेडिकल युनिव्हर्सिटीचे रेक्टर डॉ. मादमिन मादाझोवोव्ह बुमिनोविच, डॉ. सोला खानकुझोवा येनेदेवना, आंतरराष्ट्रीय संबंध प्रमुख अलख हारण मिंग, आंतरराष्ट्रीय उपक्रमप्रमुख डॉ. शुभम गौतम, संतलक आंतरराष्ट्रीय पदापोदी संदीप मिंग, आंतरराष्ट्रीय संबंध विकास ओगेंश ओबालाव यांनी डॉ. डी. वाय.

पाटील, विद्यार्थीदेतील वैद्यकीय महाविद्यालय व हायटेक डॉसिप्टराला भेट दिली व तेथील अत्याधुनिक वैद्यकीय सुविधा व सोयी याची माहिती घेतली. तसेच सरत शिष्टमंडलाने डॉ. डी. वाय. पाटील कॉलेज ऑफ आयुर्वेद अँड रिचर्स सेंटर येथे भेट दिली. जगभरात आयुर्वेद उपचार पद्धतीचा वाढता प्रचार व प्रसार होत आहे व या उपचार पद्धतीला जगभरात मान्यता मिळत आहे. त्याअनुषंगाने उझबेकिस्तान येथील अंदीजान स्टेट मेडिकल युनिव्हर्सिटीचे शिष्टमंडल माहिती घेण्यासाठी आयुर्वेद महाविद्यालय भेट दिली.

Subject: Visit by H.E. Thomas Kenneth Elisapana Ambassador of South Sudan, to Dr. D. Y. Patil Vidyapeeth on March 14th, 2023

Dear Sir / Madam,

With reference to the above-mentioned subject, a high-level delegation from **Embassy of The Republic of South Sudan** headed by **H.E. Mr Thomas Kenneth Elisapana** will be visiting Dr. D. Y. Patil Vidyapeeth on 14th March 2023 as per program below.

Tuesday 14 th March, 2023		Time 9:30 a.m. onwards
Schedule of visit		
9.30 a.m.	Arrival of the team from South Sudan at Hitech Hospital	
9.40 a.m.	Breakfast Meeting with Dr JS Bhawalkar, Dean, Medical College and other dignitaries	Hitech Hospital Boardroom
10.15 a.m. – 11.25 a.m.	Visit to Hi-Tech Hospital and DPU Library	
11.30 a.m. – 12:15 p.m.	Visit Ayurveda College & Hospital	Dr. G. H. Yeola, Principal Ayurveda College
12.20 p.m. - 12.35 p.m.	Briefing and short presentation on DPU (DPU Board Room)	Prof (Dr.) N. J. Pawar, Hon'ble Vice Chancellor, DPU
12.35 p.m. - 12.50 p.m.	Presentation by the team from South Sudan	H.E. Thomas Kenneth Elisapana, Ambassador of South Sudan to India. Mr Albino Ater Bol Akot, Immigration attache

Sant Tukaram Nagar, Pimpri, Pune – 411 018, Maharashtra, India. Ph. 91-20-27805000 / 27805001. Fax 91-20 -27420010. E-mail – info@dpu.edu.in Website – www.dpu.edu.in

Highlights Of The Visit

Key areas of discussion

H.E. Thomas Kenneth Elisapana addressed in his presentation:

South Sudan is the youngest country with lot of challenges, less no of Qualified Human Resource, need of latest equipment's, need to be in line with the modern Countries. Hence government is taking initiative in helping uplift the education & Health sector.

India being a developing country and has taken special efforts in uplifting the Health and Education Sector, South Sudan is interested in having tie up with us on the below mentioned areas: -

- To set up a center in South Sudan.
- Trying to open training for their existing Doctors.
- There are presently 5 Public Universities in South Sudan, His Excellence has met the President of India for tie ups.

His Excellence has extended his full cooperations to identify the common interest to take these relations ahead.

He also expressed his view of show casing Good Image view of Dr. D. Y. Patil Medical College with South Sudan thereby creating a Good Image view representing India.

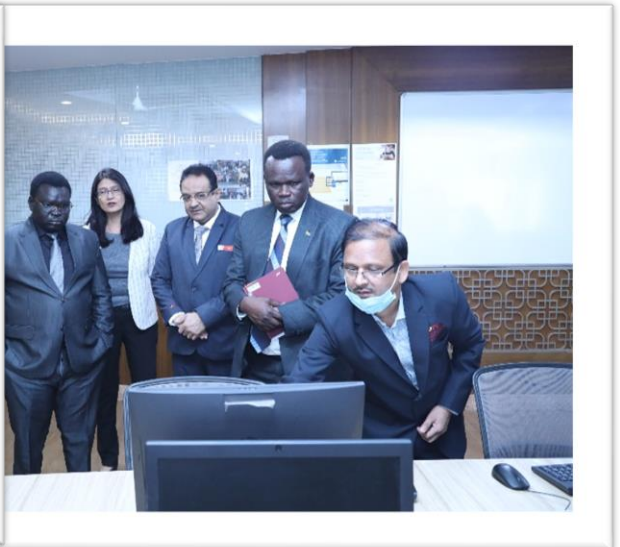

Our Honorable Trustee Dr. Yashraj P Patil

Has also shown keen interested in identifying the areas of collaboration and going ahead with the same.

Glimpses of the visit

COMMUNITY OUTREACH IN PROMOTING HEALTH AND WELL-BEING AT DR. D.Y. PATIL VIDYAPEETH

Dr. D.Y. Patil Vidyapeeth, Pune, is dedicated to advancing the United Nations' Sustainable Development Goals (SDGs), particularly SDG-3: Good Health and Well-being. As a leading health sciences institution, the Vidyapeeth places a strong emphasis on improving health outcomes and promoting holistic well-being for the local community. Through a comprehensive range of outreach programs, health awareness campaigns, and preventive healthcare initiatives, the university has made significant contributions towards improving public health, with a special focus on underserved and rural populations.

In the academic year 2022-2023, the Vidyapeeth organized 289 community outreach and extension activities, directly benefiting over 44,952 individuals and involving more than 5,436 student volunteers. These activities covered crucial health topics including hygiene, nutrition, family planning, chronic disease management, mental health, and healthy aging. The initiatives of the Vidyapeeth are designed to address the diverse health needs of the community, while fostering a culture of health promotion and preventive care through education, health camps, and wellness initiatives.

Dr. D.Y. Patil Vidyapeeth's outreach programs are aligned with the institution's mission to deliver healthcare education that goes beyond the classroom, engaging students and faculty in hands-on community service that addresses pressing local health challenges. The university's collaborative approach, involving partnerships with local health authorities, non-governmental organizations (NGOs), and community leaders, ensures that the outreach programs are tailored to the specific needs of the population, making a tangible difference in improving health outcomes.

Community outreach has been a cornerstone of all constituent Institutes of Dr. D.Y. Patil Vidyapeeth to promote health and well-being. The university's outreach initiatives are multi-faceted, targeting health education, disease prevention, and direct healthcare delivery. Programs are designed to address the entire spectrum of health, from raising awareness on preventable diseases to offering medical screenings and rehabilitation services.

Key components of the university's outreach strategy include:

- **Health Education and Awareness:** Through events such as World Health Day, World Mental Health Day, and Breastfeeding Week, the university has engaged with thousands of community members to educate them on critical health issues, empowering them to make informed health decisions.
- **Preventive Healthcare Services:** Dr. D.Y. Patil Vidyapeeth has organized numerous health camps, providing free screenings for conditions like diabetes, hypertension, cancer, and malnutrition. These camps have been instrumental in early detection and referral of cases to appropriate healthcare services.
- **Student Volunteering and Participation:** The university's student volunteers, particularly through the National Service Scheme (NSS), play an active role in delivering healthcare services to the community. Their involvement not only enhances the reach of the programs but also instills a sense of social responsibility among future healthcare professionals.

The university's outreach programs also emphasize the importance of hygiene, sanitation, and environmental health, as seen in campaigns such as the **Swachhata Abhiyan and World Environment Day**, where community members are educated on waste management, water sanitation, and reducing environmental hazards that impact health.

Dr. D.Y. Patil Vidyapeeth's comprehensive approach to community health extends across various population groups, from children and young adults to elderly populations, ensuring that healthcare services and education are accessible to all. The Vidyapeeth's initiatives are not only about addressing immediate health concerns but also about creating a long-term impact by fostering healthier communities.

HOLISTIC WELLBEING THROUGH EXTENDED AND EXAPNDED ACTIVITIES:

Dr. D. Y. Patil Vidyapeeth committed to well-being of community through 289 outreach and extension activities to 44952 population with 5436 active participations from student volunteers in health camps, awareness programs on a regular basis to educate residents about the significance of maintaining good health and hygiene. These initiatives encompass a wide range of topics, including commemorate days with 74 NSS activities, 65 Extension activities and 150 outreach activities with active involvement by students apart from curricular activities. Vidyapeeth extending to self in creating awareness with various National and International days celebrated.

HEALTH PROMOTION & EDUCATION

Awareness Activities on Key Health Days

The Vidyapeeth's focus on health education is exemplified by its active participation in international and national health observances. These events are strategically chosen to address pressing health concerns in the community, leveraging the global recognition of these days to enhance awareness and engagement.

World Mental Health Day (10/10/2022)

Mental health has emerged as a critical concern, particularly post-pandemic, with rising rates of stress, anxiety, and depression in the community. To address this, Dr. D.Y. Patil Vidyapeeth conducted a series of mental health awareness activities on **World Mental Health Day**. The activities included:

- **Street Plays:** Organized by the College of Nursing, these plays were performed in community spaces, using drama to convey messages about stress management, recognizing signs of depression, and the importance of seeking help. The street plays were highly engaging and reached **103 beneficiaries**.
- **Poster Presentations:** Nursing and medical students created informative posters on mental health topics, focusing on stress reduction techniques and promoting mental well-being for all. These were displayed at the Urban Health Training Center (UHTC) in Pimpri, where faculty members held discussions with the public on managing stress and maintaining mental health.

The event's key message was aligned with the **World Health Organization (WHO)** theme, "Make mental health and well-being for all a global priority," emphasizing the importance of addressing mental health issues in all demographic groups. Feedback from participants highlighted that many individuals were unaware of available mental health resources, and the event encouraged several participants to seek counseling services.

World Heart Day (29/09/2022)

Cardiovascular diseases remain a leading cause of mortality in India. On **World Heart Day**, Dr. D.Y. Patil Vidyapeeth organized a health rally that encouraged the community to adopt heart-healthy behaviors. The theme of the rally, "**Use Heart for Every Heart**," emphasized the importance of lifestyle changes such as regular exercise, a balanced diet, and avoiding smoking. Students from the medical, dental, and physiotherapy colleges participated, distributing pamphlets and offering blood pressure screenings to the public.

World Diabetes Day (14/11/2022)

India is often referred to as the diabetes capital of the world, making **World Diabetes Day** a crucial event for public health education. The Vidyapeeth's activities included:

- **Awareness Talks:** Held at the Rural Health Training Center (RHTC) in Alandi, these talks educated the community on the importance of early detection, lifestyle modifications, and regular blood glucose monitoring.
- **Diabetes Screenings:** Free blood sugar testing was provided to **70 beneficiaries**, followed by personalized counseling sessions on diabetes management and prevention.

Impact of World Diabetes Day

In the village of Alandi, the university's outreach activities have played a significant role in raising awareness about diabetes. During the **World Diabetes Day** event, blood sugar screenings identified **14 individuals** with previously undiagnosed diabetes. These individuals were referred to the Vidyapeeth's outpatient department for further evaluation and management, showcasing the direct impact of early detection programs. Post-event surveys indicated that many participants began adopting healthier eating habits and increased their physical activity following the awareness sessions.

Mental Health and Stress Management Initiatives

Recognizing the growing burden of mental health issues, Dr. D.Y. Patil Vidyapeeth has placed significant emphasis on mental health awareness and stress management in its outreach programs. These initiatives are designed to:

- Address the stigma associated with mental health disorders.
- Educate the public about coping mechanisms for stress, anxiety, and depression.
- Promote mental well-being through community-based activities.

Workshops and Counseling Sessions

In addition to large-scale awareness campaigns, the Vidyapeeth organized smaller, focused workshops on stress management, particularly targeting vulnerable groups such as adolescents and senior citizens. These workshops covered topics like mindfulness, relaxation techniques, and time management. The counseling sessions provided participants with a safe space to discuss their mental health concerns, and those requiring additional support were referred to professional services.

Mental Health Street Play Initiative

The street play organized on **World Mental Health Day** at the UHTC was a creative and effective method of engaging the local population. Through a dramatized performance, the actors portrayed common signs of mental illness, such as persistent sadness and anxiety, and demonstrated the importance of seeking help. The play also illustrated coping strategies, such as talking to friends and family, engaging in physical activity, and seeking professional help when needed. Feedback from the audience revealed that many had never considered mental health a priority before, but the event made them more aware of the signs to watch for in themselves and others.

Environmental Sustainability and Health

Environmental health is a key focus for Dr. D.Y. Patil Vidyapeeth's outreach programs, recognizing the deep connection between a clean environment and overall public health. The Vidyapeeth's campaigns in this area emphasize the importance of waste management, pollution control, and sustainable living practices, educating the community on how these factors directly impact their health.

World Environment Day (05/06/2023)

The university's **World Environment Day** campaign focused on the theme of **plastic pollution** and its adverse effects on both environmental and human health. A series of activities were organized, including:

- **Awareness Talks:** Faculty members and students delivered talks on the harmful effects of plastic on the environment and its links to diseases such as cancer and respiratory problems.
- **Tree Plantation Drives:** The university organized tree-planting drives in collaboration with local schools and community groups, emphasizing the role of green spaces in reducing air pollution and promoting mental well-being. **18 saplings** were planted in the **Homeopathy Garden** as part of this initiative.

Swachhata Abhiyan (02/10/2022)

As part of its commitment to hygiene and sanitation, the Vidyapeeth participated in the **Swachhata Abhiyan** (Cleanliness Drive) at Phule Nagar, Pimpri. Nursing students led the charge in cleaning local public spaces, distributing hygiene kits, and educating residents on the importance of waste disposal and keeping their surroundings clean.

Environmental Health and Hygiene Campaigns

During the **Swachhata Abhiyan**, student volunteers conducted door-to-door campaigns in the Pimpri area, educating residents about the importance of sanitation and the health risks posed by improper waste disposal. Over **60 beneficiaries**, including families and local shopkeepers, participated in interactive sessions on hygiene practices such as proper waste segregation, the dangers of plastic use, and the significance of clean water in preventing diseases like diarrhea and cholera. The campaign had a lasting impact, with many residents reporting improved waste disposal practices in follow-up assessments conducted three months later.

COMMEMORATIVE DAYS CELEBRATED UNDER NATIONAL SERVICE SCHEME(NSS)

INTERNATIONAL DAYS

- **World Mosquito Day** 20/08/2022, health talk on no stagnation of water and signs of illness with mosquito bites and importance of “dry day”
- **World Lung Day** 26/9/2022, health awareness talk on Theme Lung health for all.
- **World Rabies Day** 28/9/2022, health education on prevention of rabies.
- **World Heart Day** 29/9/2023, rally on theme “use heart for every heart”.

Awareness activity through Street Play on World Diabetes day

World Mental Health Day 10/10/2022, Street play and poster presentation on stress factors by Nursing college at UHTC and Health awareness education on WHO theme “Make mental health and wellbeing for all a global priority” 103 beneficiaries covered out of which 56 males and 47 females.

- **Global hand washing day** celebrated on 14/10/2022 at RHTC, Alandi and in UHTC, Nile colony on 15/10/2022 emphasis given on hand hygiene with demonstration with 43 beneficiaries.
- **World Diabetes day** on 14/11/2022 with awareness programme on treatment, prevention, and Diabetes check-up on 70 Beneficiaries.
- **World COPD day** on 16/11/2022 with awareness speech on WHO theme “ your lungs for life” .
- **World AIDS Day** on 1/12/2022, awareness on disease and treatment through skit.
- **World Disability Day** on 05/12/2022 with awareness talk on transformative solutions for inclusive development on 28 beneficiaries.
- World leprosy day on 30/01/2023 for combating the stigma of leprosy with awareness talk on theme “ Act now, end leprosy “ to 46 beneficiaries.
- World cancer day on 04/02/2023 on theme “close the care gap” awareness with health talk, slogan and skit on unity and action to 82 beneficiaries.
- International epilepsy day on 14/02/2023 with health talk on theme “Stigma ” to 98 beneficiaries.
- World hearing day on 03/03/2023 health education on theme “ To hear for life, listen with care” emphasis on hearing issues to 86 Beneficiaries.

- National Deworming Day on 10/02/2023 with education session from 1 to 19yrs age group related to negative effects of worm infections on mental and physical development of children. Beneficiaries-79.
- National Dengue Day on 16/05/2023, awareness talk was given on disease and its treatment to 107 beneficiaries.

Rally on World Heart Day

Empowering health through Yoga

SANITATION AND HYGIENE CAMPAIGNS

Sanitation and hygiene are essential for preventing communicable diseases, and Dr. D.Y. Patil Vidyapeeth’s outreach programs are committed to improving community awareness and practices around hygiene. These campaigns target both urban and rural populations, ensuring that vulnerable communities understand the importance of maintaining cleanliness to promote health and prevent disease outbreaks.

Hand Hygiene and Cleanliness Drive

Hand hygiene is a critical intervention in preventing the spread of infectious diseases. Dr. D.Y. Patil Vidyapeeth's **Hand Hygiene and Cleanliness Drives** emphasize proper handwashing techniques using soap and clean water, particularly in schools, healthcare settings, and public places. The **Global Handwashing Day** (14/10/2022) saw university volunteers demonstrate proper handwashing to community members, benefiting **43 participants**. This initiative aimed

to educate children, caregivers, and adults on the importance of regular handwashing to reduce the spread of common illnesses like diarrhea, flu, and COVID-19.

Swachhata Abhiyan and Waste Management

The Vidyapeeth's participation in the **Swachhata Abhiyan** cleanliness drive is aligned with India's nationwide mission to promote sanitation and environmental health. On **02/10/2022**, university students and staff engaged with local residents in Phule Nagar to clean streets and public spaces, remove litter, and encourage proper waste disposal. In addition, the university's efforts on **World Environment Day (05/06/2023)** emphasized the harmful effects of plastic waste, leading to the distribution of educational materials on waste management and the importance of recycling. Over **60 beneficiaries** were involved in this campaign, and follow-up reports showed improved waste disposal practices among the local population.

Student volunteers actively participate in health camps and door-to-door campaigns on environmental sustainability conducting environmental awareness programmes including with no limitations to:

- World environment day 05/06/2023 awareness on Ban plastic pollution, safe, clean and green benefits on 60 beneficiaries in which ten were children.
- No tobacco day on 31/05/2023, awareness talk on "grow food not tobacco" to beneficiaries 60.
- No use of plastic celebration on 5/06/2023
- Environment protection rally
- Swachhata Abhiyan cleanliness drive on 02/10/2022 at Phule nagar, Pimpri by Nursing college.
- On world Health Day awareness talks on air pollution, water pollution and waste management practices at Alandi.
- Tree plantation drive with 18 Samplings in Homeopathy garden by Homeopathy college.

Tree Plantation Drives

NUTRITION AWARENESS AND SUPPORT PROGRAMS

Recognizing the importance of nutrition in promoting long-term health and preventing malnutrition, Dr. D.Y. Patil Vidyapeeth has initiated several nutrition awareness and support programs targeted at both children and adults. These programs aim to educate the public on healthy eating practices and address nutritional deficiencies in vulnerable populations.

Breastfeeding Awareness and Education

Breastfeeding plays a pivotal role in child development and maternal health. During **World Breastfeeding Week** (01-07/08/2022), the university held multiple awareness programs focusing on the benefits of breastfeeding. These included health talks and street plays at **Alandi Dhanore** and **Solu subcenters**, reaching **192 beneficiaries**. The events aimed to educate new mothers and their families about the nutritional value of breastfeeding and its role in preventing infant mortality. By promoting exclusive breastfeeding for the first six months of life, the program contributed to healthier infant growth and reduced childhood malnutrition.

School Health Check-ups for Malnutrition Prevention

Children are a high-risk group for malnutrition, which can impact their physical and cognitive development. To address this, Dr. D.Y. Patil Vidyapeeth organized **33 school health check-up camps** across the region, screening a total of **3,560 children** for signs of malnutrition, anemia, and other health concerns. These camps provided general health check-ups, dietary assessments, and referrals for children requiring further medical attention. The screenings included assessments for height, weight, and hemoglobin levels, offering critical early interventions to combat childhood malnutrition.

Nutritional Competitions and Community Engagement

The Vidyapeeth also fosters community involvement in promoting nutrition through interactive programs such as **Nutritional Recipe Competitions** and **Healthy Baby Competitions**. These events were conducted during **World Nutrition Week (01-07/09/2022)** and engaged parents and children in creating healthy, affordable meals. Activities included cooking competitions, quizzes, and workshops on balanced diets, ensuring families were equipped with the knowledge to make informed dietary choices. These events attracted over **39 children** and their families, promoting healthy eating habits from a young age.

“EAT HEALTHY STAY HEALTHY” -Nutrition Awareness Initiatives:

Dr. D. Y. Patil Vidyapeeth takes pride in its nutrition awareness and support programs that aim to educate families on the importance breastfeeding to balanced diet. Through Breast feeding awareness to School health checkups the university seeks to empower individuals and families to make informed dietary choices.

- Celebration of breast-feeding week Celebration on 1 /08/2022, 03/08/2022, 4/08/2022 and 5/082022 with health talks, Nukkad natak (Street play), Breast feeding quiz among 41 participants at Alandi, Dhanore, and Solu subcenters. Total beneficieries 192.
- Nutritional recipe competition awareness and 39 kids participated in healthy baby competition on world nutrition week on 05/09/2022 at Anganwadi.
- Interactive session was celebrated on “A world of flavours” during world Nutrition week on 02/09/2022 to 07/09/2022 in government school, Alandi, Pune.
- Awareness on healthy meals 05/09/2023.
- Awareness on Iron deficiency anemia on 07/09/2022.
- Video heath education on menstrual hygiene and diet among 5th to 9th grade girls of Sankar Gurukul school, Pune on 27/09/2022.
- Health check-up programme for screening children for malnutrition.
- World ORS day 29/07/2023 and 31/07/2023 demonstration of ORS and awareness on importance of zinc to 102 beneficiaries.

Celebration of World Breastfeeding Week

School Health Check-up

Dr.D. Patil Vidyapeeth organized vital 33 school health check-up camps with total of 3560 Beneficiaries including Anganwadi screening camps for malnutrition, dental screening camps by Dental, Medical college including various departments like Homeopathy medical college, optometry for eye screening and other colleges like Nursing and physiotherapy.

Health checkup camp on accounts of student wellness day, 10/11/2022 beneficiaries 150 out of which 88 male students, 62 female students and on 11/11/2022 Beneficiaries 250 out of which male students 132 and female 118 at Rising star School, Alandi.

Measles Rubella vaccine camp for children with Hb estimation for girls on 15/12/2022 for total 45 Beneficiaries.

School health check-up in Solu village at shree Sant Muktabai School on 22/12/2022 and 23/12/2022 with general examination, Blood grouping, hemoglobin to 159 beneficiaries. At Alandi School number 1 on 27/12/2022 and 28/12/2022, beneficiaries-161. Government School no.2 on 5/01/2023 beneficiaries-61. Government school no. 1 on 11/01/2023 and 12/01/2023, beneficiaries-162.

5/01/2023 to 07/01/2023 health checkup camps for students from Rajmata Jijaushikshan Prasarak Mandal with total 462 beneficiaries in which 39 with vision problem, 11 skin issues, 23 dental concerns, 62 anemia, 16 OBGY issues, 06 ENT, 12 Respiratory and rest 293 were with good health report.

Hearing Screening Camp to under five on 06/03/2023. Physical examination and audio metrics evaluation done to 197 beneficiaries.

Screening camp for malnutrition among under five children on 03/04/2023 at nagar parishat Anganwadi no.1, Alandi. 65 children were screened for height, weight, PEM and general examination.

School health check-up also included 19 oral screening camp at RHTC Alandi school and UHTC by Dental College, 01 eye screening camp by Optometry college, 06 Homeopathy treatment camp by Homeopathy college with equal contribution by all students of vidyapeeth's constituent units.

Health Initiatives through Assessment Camps including Aging well to all ages

FAMILY HEALTH AND AGING WELL

Dr. D.Y. Patil Vidyapeeth places a strong emphasis on preventive healthcare for all age groups, ensuring that both families and senior citizens have access to comprehensive health services. These initiatives are designed to offer preventive care, promote healthy aging, and provide early interventions for chronic diseases.

Health Camps and Multi-diagnostic Screenings

The Vidyapeeth organized **126 health camps** across rural and urban areas, providing free diagnostic screenings and medical consultations to **24,952 beneficiaries**, with a particular focus on underserved populations. These camps offered a wide range of services, including general check-ups, blood pressure screenings, diabetes testing, and cancer screenings. For example, at a camp in **Shelpimpalgaon (19/08/2022)**, over **670 beneficiaries** received services such as ECGs, thyroid tests, and breast cancer screenings. The multi-diagnostic camps were essential in detecting chronic conditions early and ensuring referrals to appropriate medical facilities.

Preventive Care for Senior Citizens

Aging populations face unique health challenges, including mobility issues, chronic diseases, and reduced access to healthcare. Dr. D.Y. Patil Vidyapeeth's outreach programs for senior citizens focused on preventive care, offering screenings for arthritis, diabetes, and hypertension. Special camps targeting elderly beneficiaries provided free consultations and health check-ups, ensuring that senior citizens could manage chronic conditions and maintain a higher quality of life. These initiatives included **geriatric care** camps that reached over **150 elderly beneficiaries**.

Specialized Health Camps for Rural Populations

Rural areas often lack access to basic healthcare services, making health camps a critical lifeline for these communities. The Vidyapeeth's specialized health camps in rural locations such as **Savala Taluka (04/11/2022)** provided comprehensive care to **171 beneficiaries**, addressing chronic health issues such as diabetes, hypertension, and malnutrition. These camps included referrals for patients needing further specialist consultations, bridging the gap between rural communities and essential healthcare services.

At Talegaon Dabade Taluka. Maval on 19/08/2022, beneficiaries 670, on 21/09/2022, beneficiaries 134, 12 cases referred, again on 14/10/2022, beneficiaries 630, 40 referred and on 15/10/2022, beneficiaries 877, 48 cases referred.

- On 04/10/2022 at wadgaon, Ghenand with 350 covered beneficiaries.
- On 7/10/2022 at Ambi, Tal. Velha, beneficiaries 255.
- On 08/10/2022 at Nasarapur, tal. Bhor, beneficiaries 330.

- At Nigdi tal. Haveli on 22/10/2022, 180 beneficiaries and again on 12/04/2023 beneficiaries 63.
- At Savala tal. Maval on 04/11/2022, beneficiaries 171 and 10 cases referred.
- At Moshi, tal. Haveli on 27/11/2022, beneficiaries 270 excluding 20 referred cases.
- On 11/12/2022 in Bhopodi tal. Haveli, beneficiaries 150 and 20 referred.
- At Sangvi tal. Haveli on 24/12/2022, beneficiaries 510 also 30 referred and 25/12/2023, 330 beneficiaries, 20 cases referred.
- On 11/02/2023 at Moshi tal. Haveli, beneficiaries 187 and 02 cases referred.
- On 12/12/2023 at Vadgaon tal. Maval, Beneficiaries 710 with 16 cases referred.
- On 04/03/2023 at Borghar tal. Ambegaon, beneficiaries 60 and referrals 30.
- On 05/03/2023 at Kharalwadi tal. Haveli, beneficiaries 157 and 18 cases referred.
- On 08/03/2023 beneficiaries 63 and on 10/03/2023 beneficiaries 166 were all females at Pimpri, tal. Haveli.
- On 23/03/2023 at Gosasi, tal. Khed, beneficiaries 128 and 21 cases referred. Again on 20/04/2023 beneficiaries 102 with 23 referral cases, 05/06/2023 beneficiaries 65 with 07 referred cases and on 14/07/2023, beneficiaries 72 with 03 patients referred.
- On 24/06/2023 and 25/06/2023 at Dehuroad tal. Haveli, beneficiaries 205.
- Kartiki wari devotees health check-up camps at local level 19/11/2022 to 21/11/2022 to all devotees. Total-2182 devotees health check-up done in which 1200 were males and 982 female beneficiaries.
- Banoba yatra devotees health check-up camp on 25/11/2022 for wellbeing evaluation to 95 beneficiaries.
- Health check-up at Yerwada golf club, Abedkar Vasahat on 26/12/2022 and 04/01/2023, beneficiaries 45 males.
- Health check-up on 17/03/2023 beneficiaries 288 and on 18/03/2023 beneficiaries 399 at Akurdi Dr. D.Y.PATIL arts, scenery, commerce college.
- Multidiagnostic camp for all ages with OBGY, Ortho, Opthal, ENT and General Medicine to 302 beneficiaries in which 172 were females on 17/02/2023.
- Diabetic screening camp on 24/02/2023 to 21 beneficiaries with blood test i.e fasting, PP, HbA1c, Cholesterol, Vit B12 and vitamin D3. Also demonstrated yoga and its benefits.
- Health check-up camp 19th March with total 61 patients at Sawargaon, PE, Baseline investigations and referral services.
- Health check-up camp on pulmonology, OBGY, General Medicine with BSL, Hb, ECG and other investigations to 173 beneficiaries on 18/04/2023
- General Health check-up camp on 04/05/2023 at Dr. D.Y.PATIL Engineering College, Akurdi to 111 beneficiaries and New Millennium English High school, Navi Sangvi with 107 beneficiaries.
- Ashadi wari devotees Health check-up camp and medical service from 09//06/2023 to 11/06/2023 with 1500 OPD patients, 22 IPD and 01 emergency patient.

Health check-up camp for Ashadi wari devotees

Dr. D.Y. Patil Vidyapeeth apart from Medical other constituent units also contributed in health check-up camps like 06 eye screening camp by Optometry College, 57 Oral screening camp by dental with coverage of beneficiaries to 2980, Homeopathy college with Homeopathy treatment camp 10 with population coverage of 825.

College of Physiotherapy conducted Arthritis Screening Camp on 12th and 29th October 2022. Sports gymnastic camp on 07/11/2022, Diabetes rehabilitation camp on 14/11/2022.

Ten free physiotherapy camp on 15/12/2022, 17/12/2022, 07/01/2023, 14/01/2023, 16/01/2023, 19/01/2023, 25/01/2023, 08/03/2023, 1/06/2023 and 29/07/2023 with wide coverage of population with approximately 280 with various arthritis condition.

SPORTS AND EXERCISE FOR COMMUNITY HEALTH

Physical activity is a cornerstone of good health, and Dr. D.Y. Patil Vidyapeeth encourages community members of all ages to participate in sports and exercise. These programs are designed to promote physical fitness, prevent lifestyle diseases, and support rehabilitation for those recovering from injuries or chronic conditions.

Sports Camps for Physical Well-being

The Vidyapeeth organized **Sports Camps** targeting youth and adults, promoting the benefits of physical activity for cardiovascular health, obesity prevention, and overall fitness. The **Gymnastics Camp (07/11/2022)**, for example, engaged children and teenagers in physical exercise, improving their flexibility, strength, and coordination. The university's sports initiatives are crucial in preventing sedentary lifestyles and encouraging healthier communities.

Physiotherapy and Rehabilitation Services

Physiotherapy is an integral part of the Vidyapeeth's healthcare services, particularly for individuals with chronic pain, arthritis, and sports injuries. The university held **10 free physiotherapy camps**, including specialized camps for arthritis screening on **12/10/2022** and **29/10/2022**, providing rehabilitation services to over **280 beneficiaries**. These camps offered therapeutic exercises and manual therapy, helping individuals regain mobility and improve their quality of life.

HEALTH CAMPS FOR VULNERABLE POPULATIONS

Vulnerable groups, including pilgrims, the elderly, and those in underserved areas, require tailored healthcare services. Dr. D.Y. Patil Vidyapeeth's health camps focus on addressing the specific needs of these populations, ensuring access to preventive and primary healthcare.

Devotee Health Check-ups and Services

Pilgrimage events attract large crowds, increasing the risk of health issues due to crowding, fatigue, and poor access to healthcare. The Vidyapeeth provided health services during religious gatherings like the **Kartiki Wari** and **Banoba Yatra**. From **19/11/2022 to 21/11/2022**, healthcare teams treated over **2,182 devotees**, addressing common ailments such as dehydration, respiratory infections, and musculoskeletal pain. These camps ensured that pilgrims received timely care, preventing complications during their journeys.

Outreach to Underserved Rural Areas

In addition to rural health camps, the Vidyapeeth's outreach to underserved populations included door-to-door healthcare services in remote villages. In areas like **Moshi Taluka (27/11/2022)**, healthcare teams provided free check-ups, screenings, and health education to **270 beneficiaries**, with referrals to nearby hospitals for those requiring advanced treatment. This outreach played a critical role in extending healthcare access to remote regions where healthcare infrastructure is limited.

STUDENT VOLUNTEERING IN COMMUNITY HEALTH PROGRAMS

Student involvement is at the heart of Dr. D.Y. Patil Vidyapeeth's community outreach initiatives. By engaging students in real-world healthcare delivery, the university enhances their learning experience while making a tangible difference in community health.

National Service Scheme (NSS) Activities

The **National Service Scheme (NSS)** is a key platform for student involvement, with over **74 activities** conducted during the year. These included health camps, awareness drives, and environmental initiatives. NSS volunteers played a critical role in organizing and executing community health programs, helping to educate the public on hygiene, disease prevention, and healthy living. Their contributions were essential in amplifying the reach of the university's outreach efforts.

Role of Student Volunteers in Promoting Health Awareness

Student volunteers are integral to the success of health awareness campaigns, such as those conducted on **World Health Day** and **World No Tobacco Day**. These students engage with community members through health talks, street plays, and health fairs, educating the public on topics such as disease prevention, healthy diets, and the dangers of smoking. Their participation not only enhances public health but also equips students with critical skills in communication, leadership, and healthcare delivery.

Blood Donation Drives

Dr. D.Y. Patil Vidyapeeth's blood donation drives are a vital part of its outreach efforts, ensuring a steady supply of blood for local hospitals and emergency services. These drives are organized in collaboration with multiple university departments and local health organizations.

Overview of Blood Donation Camps

The university conducted several blood donation camps during the academic year, collecting over **292 units of blood**. Events like **World Blood Donation Day (14/06/2023)** raised awareness about the importance of regular blood donations. These camps were held across the university's medical, dental, biotechnology, and nursing colleges, with students and staff actively participating as donors.

Impact on Community Health Services

The blood collected during these donation drives contributed significantly to local blood banks, particularly in times of need. The donated units were used to support surgeries, treat

anemia, and save lives during medical emergencies. The Vidyapeeth’s blood donation camps have not only helped meet the community’s blood supply needs but have also fostered a culture of altruism and service among students and staff.

Blood donation camps under outreach Activity

- World blood donation day on 14/6/23 on theme “give blood, give plasma, share life, share often” to total beneficiaries 58 awareness talk.
- **Medical:** 18 units on 15/06/2023, 38 units during Multidiagnostic camp on 05/03/2023. 06 units of blood during health check-up camp.
- **Dental:** 11 units under NSS activity.
- **Biotechnology:** 77 units on 9/11/2022.
- **GBSRC:** 95 units on 16/02/2023
- **Nursing:** 55 units
- **Homeopathy:** 42 units with rotary club
- **Ayurveda :** 31 units under NSS activity

Blood Donation

Health awareness initiatives:

Total 130 health awareness activities conducted throughout 2022-23 academic year by various constituent units of D.Y. Patil Vidyapeeth under primary level of prevention with total number of beneficiaries 16157 including every individual.

Awareness programme with health talks, health education, puppet show, street play, roleplays included health days like obesity day, world environment day, work stroke day, world mental health day, world liver day, world asthma day, world heart day, world epilepsy

day, world rabies day, world literacy day, world Peace Day, Immunization week, breast feeding week, Nutrition Day world mosquito day, World Hepatitis day, etc.

Health education and awareness session for women on anemia, menstrual hygiene, diet was given on 08/03/2023 and 09/03/2023 for to 82 beneficiaries. Also awareness was conducted again on 27/5/2023 to 42 females.

Monitoring and control awareness programme on Diabetes mellitus with physical exercise, dietary modifications and regular checkup of BSL on 35 beneficiaries.

Tuberculosis awareness program on 24/03/2023 on regular medication intake to 104 beneficiaries.

Health talk on monsoon illness and precaution at UHTC 222 beneficiaries on 3rd July 2023.

Focus points on these days were to promote health in community individuals and also imparted education on importance of Girl education, 224enstrual hygiene, women health, mansion illness, hazards of smoking and tobacco chewing, healthy lifestyle, clean water, green environment with tree plantation, waste disposal, and no use of plastic.

AWARDS AND APPRECIATIONS FOR COMMUNITY OUTREACH & EXTENSION ACTIVITIES

Dr. D.Y. Patil Vidyapeeth, Pune, has always prioritized the well-being of the communities it serves through its comprehensive community outreach and extension activities. These efforts are not only aligned with its core mission of healthcare education and social responsibility but also significantly contribute to the broader goal of achieving Sustainable Development Goal 3 (SDG-3): Good Health and Well-being.

Over the years, the university has expanded its outreach programs, extending critical healthcare services to underserved populations, promoting public health awareness, and fostering preventive healthcare measures. Through initiatives such as health camps, hygiene campaigns, nutrition awareness programs, and student-led volunteering, the Vidyapeeth has made a tangible difference in the lives of thousands of individuals across urban and rural areas.

These impactful efforts have garnered recognition and accolades from various local, national, and international bodies. The awards and appreciations bestowed upon the Vidyapeeth reflect its unwavering commitment to improving community health, its innovative approach to healthcare outreach, and its role as a leader in fostering a culture of social responsibility among students and faculty. These recognitions also highlight the collaborative nature of the university's work, involving partnerships with government agencies, non-governmental organizations (NGOs), and community stakeholders.

Various awards and appreciations received by Dr. D.Y. Patil Vidyapeeth is a testimony of its exemplary contributions to community outreach and extension activities. These accolades

serve as a testament to the university's dedication to making a positive impact on society and its ongoing commitment to improving the health and well-being of the communities it serves.

Excellence Service- Dr. Suresh Kathpalia	Excellence service Award	International conference for award winners on Engineering science and Medicine, India	2023
Selfless and untiring efforts in the service of humanity- Brigadier Dr. M.S. Bhartwal	Certificate of Recognition	Doctor's conclave, Times Strategic solution limited	2023

CAPACITY BUILDING FOR HEALTHCARE PROFESSIONALS

UNIVERSITY CENTRE FOR PROFESSIONAL EDUCATION AND FACULTY DEVELOPMENT

The University Centre for Professional Education and Faculty Development (UCPEFD) plays a pivotal role in enhancing the quality of education at Dr. D.Y. Patil Vidyapeeth (DPU) by conducting faculty development programs aimed at improving teaching effectiveness and relevance. These programs are rooted in principles of adult learning, student-centered approaches, and interactive methodologies, contributing to the development of a robust educational framework. Through these initiatives, faculty are equipped with the skills necessary to create a more engaging learning environment, which supports SDG 3 by promoting quality education as a means to improve health outcomes. Faculty members gain insights into how people learn, the fundamentals of the teaching-learning process, curriculum design, and effective teaching strategies for various group sizes. Additionally, the program fosters the use of appropriate audio-visual aids and enhances the planning and execution of student assessments, ensuring that students receive a high standard of education, which is crucial for training future healthcare professionals capable of addressing global health challenges.

Training Programs and Workshops

To address the growing need for skilled healthcare professionals, DPU has established a series of capacity-building initiatives designed to train the next generation of healthcare workers and equip them with the knowledge and skills needed to meet the evolving demands of healthcare delivery.

- **Workshops on Good clinical Practices (GCP):** In the academic year 2022-23, DPU conducted 17 Workshops on **Good Clinical Practices (GCP)** focused on ensuring ethical and effective conduct in clinical trials and healthcare research. Attendees were trained in clinical protocols, patient safety, and data integrity.
- **Workshops on Research Methodology:** These sessions provided healthcare professionals and students with training in research design, statistical analysis, and evidence-based healthcare practices. The goal was to empower healthcare workers to engage in research that improves clinical outcomes and public health policies.

INTELLECTUAL PROPERTY AND INNOVATION IN HEALTHCARE

About DPU Foundation of Incubation, Innovation and Entrepreneurship (DPUFIIE)

DPU Foundation for Innovation Incubation and Entrepreneurship (DPU FIIE) is a non-profit organization registered in December, 2019 under section 8 of the Companies Act, 2013.

DPU FIIE aims to support new developments in technology and knowledge by providing mentoring, networking and financial support. Being a health science university, DPU FIIE's thrust area is to provide the best quality healthcare products and services for urban and rural India. Our clinicians are the source of new ideas that we transform into actual products, that are revolutionising the field of medical healthcare. Beyond healthcare; our charter is also to address problems related to the areas of sustainable development goals covering waste management, agriculture, air, water and soil pollution, renewable energy and food technology. We engage with entrepreneurs in the society at large through strategic alliance partnership.

DPU FIIE has collaborated with Industry **AIC Pinnacle**, which is supported by the **Atal Innovation Mission, NITI Aayog, DCMSME, Ministry of MSME, and Ministry of Electronics & IT**. Apart from this DPU FIIE has collaborated with COEP's **Bhau Institute, supported by the Department of Science and Technology (DST) under the scheme of Technology Business Incubators (TBI)**. We have also extended our network by collaborating with MIT TBI, SIILC, Wavemakers Pvt. Ltd. and Aarthyan Pvt. Ltd. group to serve the aim of DPU FIIE.

Under the Institutions Innovation Council, Dr. D. Y. Patil Vidyapeeth and DPU FIIE have conducted 78 IPR, Innovation and Entrepreneurship-related activities in the IIC 4.0 cycle.

Dr. D. Y. Patil Vidyapeeth and the DPU Foundation for Innovation Incubation and Entrepreneurship have jointly conducted a one-day STARTUP CONCLAVE on the 14th of October 2022. The Startup Conclave was planned to promote and highlight the achievement of Dr. D. Y. Patil Vidyapeeth, Pune. More than 850 faculty and students participated in this conclave. During this conclave products and services of startups incubating with DPU FIIE and innovative ideas from the constituent colleges of Dr. D. Y. Patil Vidyapeeth were presented. Besides that, these eight startups from the community were also allowed showcase their products.

LIST OF PATENTS /DESIGNS / COPYRIGHTS

Sr. No.	Name of the Inventors	Title	National / International	Application No.	Date of Filing	Date of Published
1.	Dr. Sarang Gotecha Dr. Ashish Chugh	An Apparatus for Detection of Malignant Tumours.	Indian Patent	202121040597	07/09/2021	25/11/2022
2.	Dr. Sarang Gotecha Dr. Ashish Chugh	An Apparatus for Detection of Malignant Tumours.	PCT	PCT/IN2022/050794	06/09/2022	16/03/2023
3.	Dr. Viniti Vaidya	A system for processing agar waste/liquified waste material	Indian Patent	202221061434	28/10/2022	16-12-2022
4.	Dr Amita Aggarwal, Rucha Choudhary, Dr Tushar J Palekar	A Device for Vibration with Therapeutic Algometer	Indian Patent	202321000581	04-01-2023	27/01/2023
5.	Rutuja Abhijit Malavde, Dr.Roopaa R. Desai, Dr.Tushar J.Palekar, Hrudesh Nitin Chavan	A WIRELESS System For Measuring Handgrip Strength and Pinch Strength	Indian Patent	202321000593	04-01-2023	27/01/2023
6.	Dr. Mrudula Sangaonkar, Dr. Divya Gohil, Janhavi Mahure, Archana Makhija, Anagha Mahajan, Dr. Gaurang Baxi, Dr. Tushar Palekar	A Frontal Plane Postural Assessment (FPPA) Device for Measuring Shoulder Level Symmetry	Indian Patent	202321001260	06-01-2023	27/01/2023

Sr. No.	Name of the Inventors	Title	National / International	Application No.	Date of Filing	Date of Published
7.	Dr. Divya Gohil, Preeti Prakash Shrisunder, Shruti Nathan, Vishruti Sojitra, Surbhi Baniya, Dr. Tushar J. Palekar	A Sensory Re-Education and Desensitization System	Indian Patent	202321000632	04-01-2023	27/01/2023
8.	Arsh Mushtaqali Shikalgar, Sanjana Nikam, Dr. Khyati Patole, Dr. Chaitanyaa Wani, Dr. Seema Saini, Dr. Tushar J. Palekar	A Gait Assessment System	Indian Patent	202321000678	04-01-2023	27/01/2023
9.	Dr. Sonali Deshmukh Dr. Digant Thakkar Dr. Arundhati Das Dr. Adnan Khan	Customized extra radicular SD Bone Screw Placement Guide Tube	Indian Patent	202221052203	25-01-2023	10/02/2023
10.	Dr. Nilesh Sharma Dr. Sachin Sarode Mrs. Ariba Nadim	A Method and Process for the milk teeth metabolic Profiling (metabopsy) for the detection of inheri	Indian Patent	202321005866	30-01-2023	17/03/2023
11.	Dr. Babasaheb Jadhav Mr. Sagar Kulkarni Dr. Ashish Kulkarni Dr. Chetan Chaudhari Dr. Amol Gawande	IOT-Based Vehicle Authority and Monitoring System Using Driving License	Indian Patent	202321044469	03/07/2023	15/09/2023

Sr. No.	Name of the Inventors	Title	National / International	Application No.	Date of Filing	Date of Published
12.	Dr. Sarang Gotecha Dr. Ashish Chugh	An electro - surgical apparatus for grasping and coagulating	Indian Patent	202321050959	28/07/2023	29/09/2023
13.	Dr. Bhimappa Mallappa Rudagi Dr. Arif Merchant	Mandibular Reduction and Retraction forceps	Indian Patent	202321050952	28/07/2023	29/09/2023
14.	Dr. Sarang Gotecha Dr. Ashish Chugh	An Apparatus for Detection of Malignant Tumours	Design	349071-001	07/09/2021	16/12/2022
15.	Dr. Gargi Sarode	A grossing stencil with a tray for identifying the level of cervical lymph nodes	Design	361860-001	04/04/2022	24/02/2023
16.	Dr. Lakshmi Shetty Dr. Gargi Sarode	Alveolo-bone trimmer	Design	361861-001	04/04/2022	26/05/2023
17.	Dr. Sushil Phansopkar, Dr, Anmol Mathur	Finger Tooth Cleanser	Design	377564-001	17/01/2023	28/07/2023
18.	Dr. Sarang Gotecha Dr. Ashish Chugh	An electro - surgical apparatus for grasping and coagulating	Design	391448-001	28/07/2023	-

SMOKE FREE CAMPUS

Introduction

Dr. D. Y. Patil Vidyapeeth, Pune, is deeply committed to promoting public health and well-being in alignment with the United Nations Sustainable Development Goals (SDGs), particularly SDG 3: Good Health and Well-being. As part of our efforts to create a healthier and more sustainable campus environment, the university has undertaken significant initiatives to establish and maintain a smoke-free campus. This initiative reflects our dedication to curbing the harmful effects of tobacco use and fostering a culture of health and wellness for our students, staff, and the surrounding community.

Tobacco use is a leading cause of preventable diseases, including cancer, cardiovascular conditions, and respiratory disorders, which pose a significant public health challenge. The university recognizes its responsibility in combating this issue through education, awareness, and direct action. By creating a tobacco-free environment, we aim to protect our community from the dangers of secondhand smoke, reduce tobacco consumption, and encourage healthier lifestyle choices.

Our smoke-free campus initiative includes the establishment of dedicated tobacco cessation centers, educational programs, research initiatives, and strategic signage to reinforce the importance of a tobacco-free environment. The university has also made significant strides in tobacco-related research, contributing to the body of knowledge that supports public health efforts. Through these combined efforts, Dr. D.Y. Patil Vidyapeeth is actively contributing to the global mission of reducing tobacco consumption and improving the overall health and well-being of society.

The details of the smoke-free campus policy of DPU can be found here. ([Link](#))

Notably, the campus also houses four major hospitals (Medical, Dental, Ayurveda, and Homoeopathy), where the importance of a smoke-free environment is even more pronounced. This strict adherence to a no-smoking policy within the hospital premises underscores the institution's dedication to the well-being of its patients, visitors, and healthcare professionals. The result is a campus where incidents of smoking are virtually non-existent, fostering an atmosphere of health, wellness, and respect for the diverse needs of all who call this institution home.

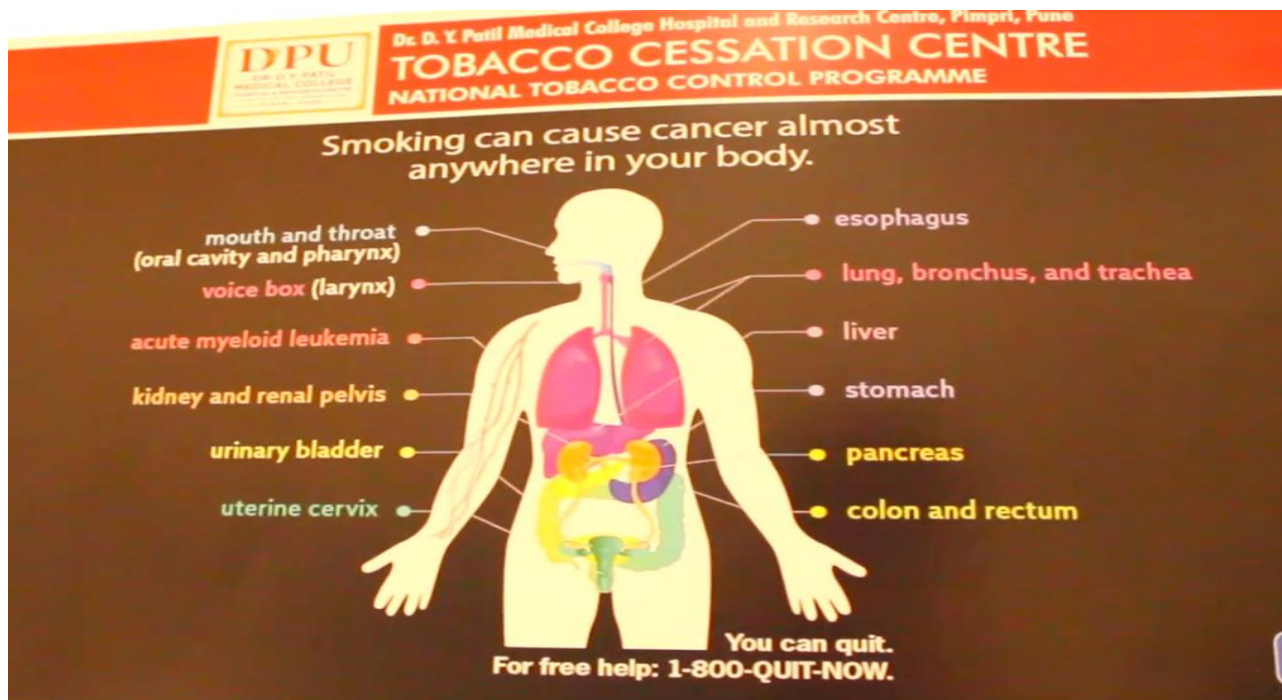

Dr. D.Y. Patil Vidyapeeth's commitment to a smoke-free environment is a testament to its holistic approach to education, healthcare, and overall well-being, creating a space where individuals can thrive in a clean and healthy atmosphere.

SPORTS FOR HEALTH- SHARING OF DPU SPORT FACILITIES TO LOCAL COMMUNITIES

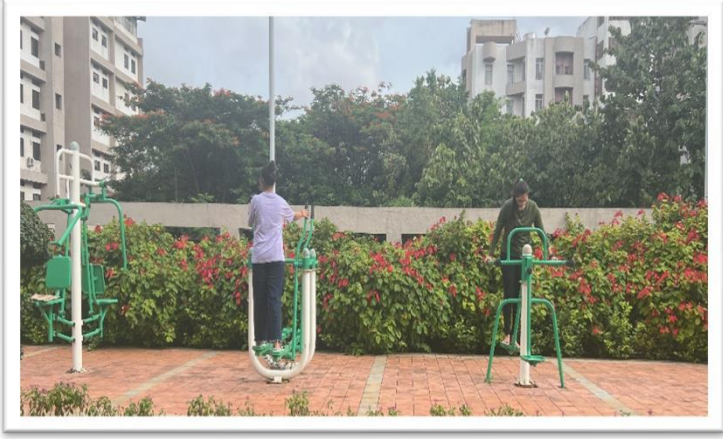

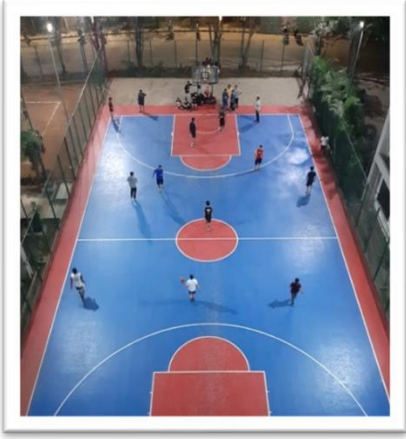

In alignment with SDG-3 (Good Health and Well-being), promoting physical activity is recognized as a fundamental pillar of maintaining and improving overall health. Regular physical activity helps prevent non-communicable diseases (NCDs) such as heart disease, stroke, diabetes, and obesity. It also enhances mental well-being, boosts cognitive function, and contributes to social cohesion. Recognizing the importance of sports and physical activity in fostering a healthy lifestyle, Dr. D.Y. Patil Vidyapeeth (DPU), Pune, has taken a proactive approach to promoting health through sports by extending its world-class sports facilities to local communities.

DPU's Sports for Health initiative is designed to encourage participation in physical activities among all age groups, from children to the elderly, within the surrounding communities. The initiative aims to:

- Promote physical fitness and reduce the prevalence of lifestyle diseases through community engagement in sports.
- Enhance mental well-being by offering access to structured physical activities that combat stress, anxiety, and depression.
- Foster social integration by creating inclusive spaces for community members to participate in recreational and competitive sports.

A wide range of free sports facilities are available at Dr. D. Y. Patil Vidyapeeth in Pune, which benefits not only its students but also the neighborhood and sports academies. The availability of these amenities has a major positive impact on both national growth and community well-being.

Outdoor sports facilities cover a variety of sports, including a Sport ground (3496m²), two Volleyball grounds (420m²), two Basketball grounds (910m²), a Tennis Court (223m²), and areas for Kho-Kho, Baseball, Handball, Kabaddi, and Archery. These facilities offer diverse opportunities for physical activity and skill development.

IMPORTANCE OF MENTAL HEALTH FOR SDG-3

Mental health is a critical component of overall health and well-being, making it an essential aspect of Sustainable Development Goal 3 (SDG 3), which aims to "Ensure healthy lives and promote well-being for all at all ages." SDG 3 recognizes that mental health is just as important as physical health, and addressing mental health challenges is key to achieving global health equity.

For university students and staff, mental health challenges such as stress, anxiety, and depression can significantly impact their ability to function effectively in academic and professional environments. With increasing academic pressures, financial concerns, and personal challenges, many students face heightened mental health risks. Similarly, university staff often deal with work-related stress, workload management, and other mental health issues. Therefore, providing comprehensive mental health support is crucial for maintaining a healthy and productive academic environment.

DR. D.Y. PATIL VIDYAPEETH'S COMMITMENT TO MENTAL HEALTH & WELL-BEING

At Dr. D. Y. Patil Vidyapeeth, Pune, the well-being of both staff and students is a top priority. We are dedicated to cultivating a supportive and inclusive atmosphere that nurtures mental health and wellness across the university community. Recognizing that mental health is a vital aspect of overall well-being, we understand that a healthy mental state empowers individuals to face life's challenges, manage stress effectively, and build resilience. By fostering mental well-being, DPU not only enhances the quality of life for its staff and students but also creates an optimal environment for academic growth and personal development.

To support this, DPU offers mental health education and awareness programs, ensures free access to mental health resources, and encourages peer support networks. Additionally, we promote self-care and coping strategies through capability enhancement initiatives, including yoga and wellness programs, mindfulness practices, and activities that promote a healthy lifestyle.

MENTAL HEALTH SUPPORT SERVICES

- **24X7 Support:** The psychiatry department has a **24X7 helpline** for students and faculty.
- **Mentorship Program:** At Dr. D. Y. Patil Vidyapeeth, Pune, the Mentorship Program is designed to provide personalized guidance and support to students throughout their academic journey. Each student is paired with a faculty mentor who offers academic, personal, and career counselling, helping students navigate challenges, set realistic goals, and make informed decisions about their future. The mentorship program aims to foster a nurturing relationship between mentors and mentees, ensuring that students feel supported in all aspects of their university life. By promoting open communication, the program also helps students build confidence, improve their academic performance, and enhance their overall well-being. In addition, the program encourages personal growth and development by creating a strong support system that allows students to thrive in a competitive academic environment.

The details of the mentorship process can be accessed at:

<https://dpu.edu.in/mentorship-process.aspx>

- **Anti-ragging policy and committees:** At DPU, the safety and dignity of every student are of utmost importance, and the university maintains a strict Anti-Ragging Policy to prevent any form of harassment or intimidation. Ragging in any form is strictly prohibited and is treated as a serious offense. The university has established dedicated Anti-Ragging Committees and Anti-Ragging Squads that actively monitor and address any incidents of ragging on campus. These committees ensure that a zero-tolerance policy is enforced and that students are educated on the negative consequences of ragging, both for the victim and the perpetrator. Regular awareness programs are conducted to promote a harmonious, inclusive, and respectful campus culture. Any violations of the anti-ragging policy are met with strict disciplinary action, ensuring that the university remains a safe and welcoming environment for all students.

The Vidyapeeth Monitoring Cell on Ragging is actively preventing the menace of ragging at all strategic locations of Campus premises including canteens, hostels, classrooms and laboratories of all Constituent units.

<https://dpu.edu.in/vidyapeeth-monitoring-cell-on-ragging.aspx>

- **Workshops and Seminars:** The institution organizes various yoga and wellness programs for the mental and physical wellbeing of the students and faculty. DPU has very robust mechanism for addressing any grievances through Grievance redressal, anti-ragging and anti-discrimination committees, and minority cells. The **department faculty and consultants** are available to students and faculty 24 hours a day. Private consulting rooms are in place for confidentiality.
- **Value added Course in Transcendental Meditation:** Dr. D. Y. Patil College of Ayurved & Research Centre, a Constituent of Dr. D. Y. Patil Vidyapeeth, Pune , has introduced a value added course in Transcendental Meditation for newly admitted First Year (A.Y. 2023-24) B.A.M.S. students from 09/12/2023 to 14/12/2023. Total 82 Students benefited from these 05 days Value added Transcendental Meditation Course. **Mr. Lothar Pirc** from International Maharishi AyurVeda Foundation (IMAVF) Germany, **Dr. Girish Momaya**, Director International Maharishi AyurVeda Foundation (IMAVF), The Netherlands, and Mr. Kamalakar Teher (Certified Teacher of TM) Pune, **and Dr. Ajaya Shrivastava** (Certified Teacher of TM), Delhi conducted the course activity for 16 Hours comprising of theory and Practical sessions.

By offering a course in Transcendental Meditation, Dr. D. Y. Patil Vidyapeeth is providing a proactive approach to mental health support, equipping students and staff with tools to maintain their mental well-being, reduce stress, and enhance their personal and professional lives.

ACCESSIBILITY AND INCLUSIVITY

- **The Office of International Affairs** at Dr. D.Y. Patil Vidyapeeth, Pune, is engaged into building global collaborative partnerships to create an inclusive environment for holistic and sustainable growth. The office works in close coordination with **International Student Cell** of all constituent Units of the Vidyapeeth to support and assist international students throughout their academic journey. Understanding the unique challenges faced by students coming from diverse cultural backgrounds, the cell is committed to ensuring a smooth transition into university life and an enriching educational experience. The cell provides comprehensive services ranging from pre-arrival guidance, visa assistance, and accommodation support to cultural integration programs that help international students acclimate to their new environment.

In addition to academic guidance, the cell organizes regular orientation sessions, workshops, and social events to foster a sense of community among international students. It also acts as a bridge between students and university administration, ensuring that any concerns related to academics, health, or well-being are addressed promptly. The International Student Cell collaborates with various departments to offer mentorship, language support, and career counselling, helping students not only succeed academically but also develop personally and professionally.

By creating an inclusive, welcoming environment, the International Student Cell ensures that international students feel at home while pursuing their studies at DPU, promoting cross-cultural exchange and contributing to the university's global outlook.

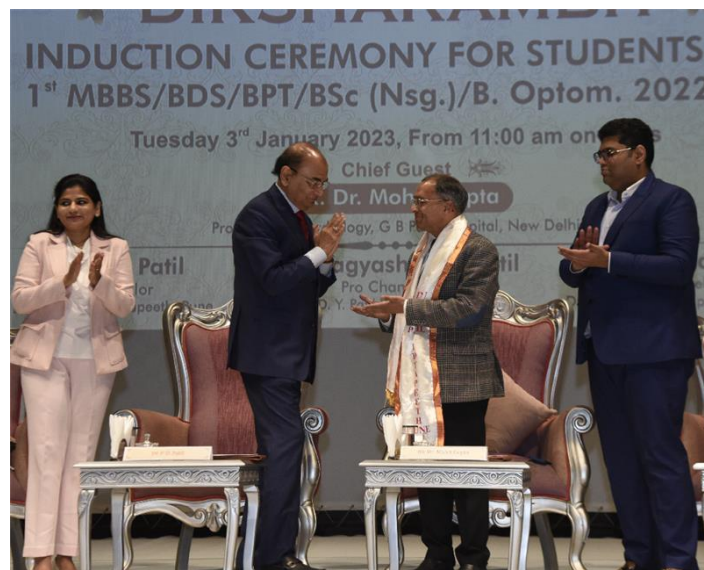

- **Induction Programmes “Deeksharambh” for all newly admitted students:** The Induction Programme “Deeksharambh” at Dr. D. Y. Patil Vidyapeeth, Pune, is an essential initiative aimed at welcoming and orienting newly admitted students to the university environment. This program is designed to help students transition smoothly into their academic journey, making them feel comfortable and supported in their new surroundings.

Deeksharambh focuses on:

- **Introduction to University Culture and Values:** The program introduces students to the ethos of the university, including academic expectations, campus facilities, and support services.
- **Fostering Social Connections:** Through interactive activities, ice-breakers, and group discussions, students are encouraged to build relationships with peers, faculty, and staff, fostering a sense of community from the outset.
- **Mental Health and Well-being Awareness:** As part of the induction, students are informed about mental health resources, such as counselling services, peer support networks, and wellness programs, helping them understand the importance of mental well-being during their academic life.
- **Academic and Personal Development Guidance:** Students are provided with insights into effective study habits, time management skills, and stress-relief techniques to ensure they are equipped to handle the challenges of university life.

By offering a comprehensive induction program like Deeksharambh, the university not only supports the academic integration of new students but also emphasizes the importance of mental health and overall well-being, helping them thrive both personally and academically.

ALIGNMENT WITH SDG-3

DPU's comprehensive approach to addressing mental health through awareness programs, counseling services, wellness initiatives, and supportive policies aligns with SDG-3's goal of ensuring well-being for all. These initiatives not only support the mental health of students and staff but also foster a holistic and inclusive environment that prioritizes personal development and emotional well-being, contributing to the broader agenda of promoting good health and well-being.

- **Initiatives aimed at Addressing Mental health and well being:** The campus has a Student Wellness Centre for physical and mental health and well being of the staffs and students of the university
- **Conference on "Rejuvenating Medical Minds"** was conducted by DPU with Brahmakumari Sister B. K. Shivani, Renowned Spiritual and Motivational Speaker on 11th December 2022 from 9am to 4pm at DPU auditorium to impart the learning and sharing techniques of healing self and other especially doctors. The conference was attended by the Directors, Deans / Principals of Institutions, HODs, Officers, faculty, and non-teaching staff from all the Colleges/Institutes from DPU at large numbers. It was attended by 1200 delegates.

More details : <https://events.dpu.edu.in/event-details.aspx?eventid=14922&InstituteID=2>

- **Poster Exhibition on World Mental Health Day** was held on 10.10.2022, during which 20 poster were made by students based on theme and subtheme such as social determinants of health, mental health stigma and discrimination, cultural taboos linked with mental disorder and mental health challenges.

CONCLUSION OF WELLNESS REPORT FOR SDG-3

Dr. D.Y. Patil Vidyapeeth's commitment to SDG-3 is evident through its robust research initiatives, community outreach programs, and capacity-building efforts. By promoting health research, fostering healthcare innovation, and providing direct services to underserved populations, DPU is actively contributing to global efforts to ensure healthy lives and promote well-being for all. These initiatives align with India's broader goals of improving public health outcomes and advancing toward the targets of SDG-3 by 2030.
