**TRAINING ON SOCIAL
ASPECT OF SUSTAINABILITY**

TRAINING ON SOCIAL ASPECT OF SUSTAINABILITY

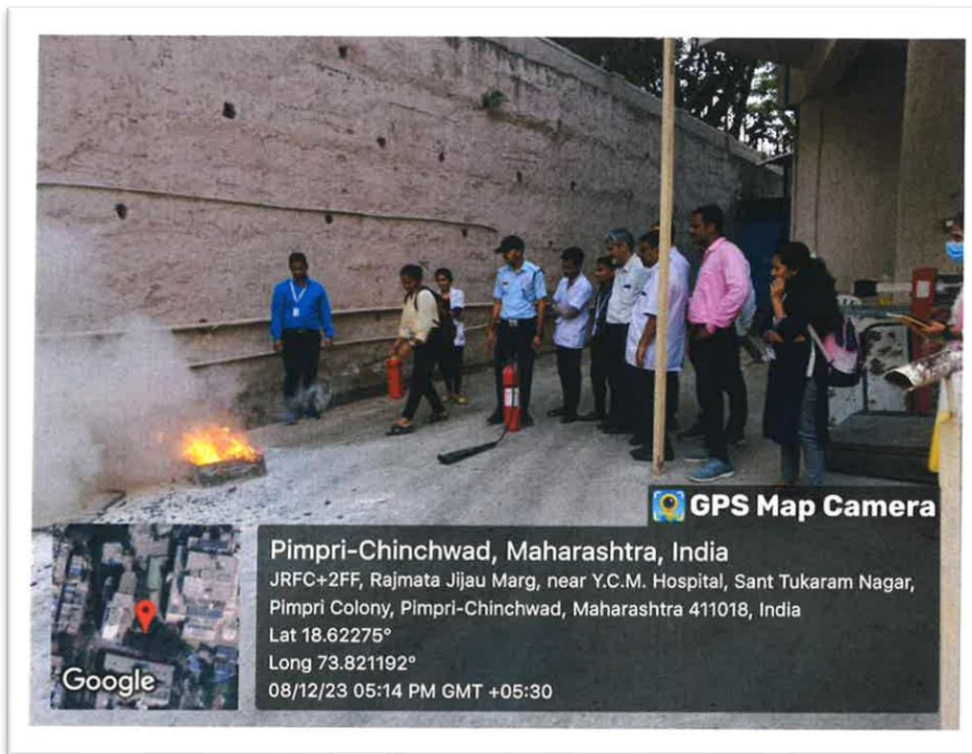

The training for Staff and Students on Social Aspects of Sustainability at Dr. D. Y. Patil Vidyapeeth, Pune focus on equipping participants with the necessary skills and knowledge to address the complex social dimensions of sustainable development. The trainings such as Basic Fire Safety, Induction Training, Basic Life Support, Hand Wash Training, Communication Skill (Soft Skills), “YASHODA” Advanced Human Milk Bank, Comprehensive Lactation Management, Training & Research Center emphasizes the importance of understanding social equity, community engagement, and participatory planning in fostering sustainable practices.

Participants engage in a variety of interactive workshops, case studies, and group discussions that explore the interplay between social justice and environmental sustainability. The curriculum is designed to enhance critical thinking and problem-solving abilities, enabling attendees to analyze social issues within the context of sustainability.

By fostering a collaborative learning environment, DPU encourages participants to share their experiences and insights, enriching the training process.

Ultimately, these training courses aim to empower individuals and organizations to implement socially responsible practices that contribute to sustainable development goals. By focusing on the social aspects of sustainability, DPU plays a crucial role in shaping future leaders who are equipped to tackle the pressing challenges of our time.

**TRAINING ON SOCIAL ASPECTS OF SUSTAINABILITY

Milk Donation Training Program at Yashoda Human Milk Bank conducted on 1st week of August 2023

Designing a Milk Donation Training Program for a Human Milk Bank, such as at Yashoda Human Milk Bank, requires a special focus on the social aspects of the process, including the impact of milk donation on the community, ethical considerations, and the way the program helps foster a sense of solidarity and support among donors, recipients, and staff.

***Advanced Training Programme (Human Milk Bank) conducted for Staff and Students on
3rd January 2024***

This Advanced Training Program on Human Milk Donation highlights the profound social impact of donating human milk, emphasizing the role of the donor as a key player in a compassionate, supportive healthcare system. It also fosters a sense of community, support, and ethical responsibility, helping donors feel connected to the larger mission of improving infant health and well-being.
