ANNUAL REPORT 2023-24

From the Desk of the Chancellor

Dear Students,

Greetings! It is my pleasure to present the Annual Report of the Vidyapeeth, highlighting our growth, academic achievements, and the vibrant spirit that defines our institution. This report offers a snapshot of our world-class infrastructure, innovative teaching, and the success of our academic and co-curricular programs.

Since its founding, DPU has become a premier institution, blending tradition with modernity to foster intellectual curiosity, creativity, and critical thinking. We believe that education is not just about acquiring knowledge but also about shaping well-rounded individuals equipped to thrive in a rapidly changing world. Here, we encourage personal growth, leadership, and the development of both mind and spirit.

As Albert Einstein once said, “Education is not the learning of facts, but the training of the mind to think.” At DPU, we strive to cultivate not only intellectual brilliance but also the ability to think critically, act ethically, and lead with purpose.

Dr. D. Y. Patil Vidyapeeth has earned a distinguished reputation for its commitment to academic rigor, cutting-edge research, and the all-around development of our students. At DPU, we focus on preparing you to thrive in an ever-evolving global landscape, equipping you with the skills, knowledge, and values needed to succeed. We are doing it through immersive classroom experiences, innovative research, or diverse extracurricular opportunities; our institution is continuously raising the bar of excellence. I have no doubt that each of you will play a pivotal role in shaping the future of DPU, contributing to its ongoing legacy of success and impact.

Best wishes for your continued success,

Dr. P. D. Patil
Chancellor

From the Pro Chancellor's Desk

Dear Students and Faculty,

I am proud to share our progress in the last academic year at Dr. D. Y. Patil Vidyapeeth. Here we are committed to transforming lives through high-quality, skill-based education grounded in ethics and integrity. Our mission is to nurture leaders who excel in their fields and contribute meaningfully to society.

This year, we have made significant strides in integrating innovative teaching methods, adopting new technologies, and expanding our research initiatives, earning recognition for our academic excellence. These accomplishments reflect our commitment to a dynamic, forward-thinking academic environment.

At DPU, we prepare students for the challenges of an interconnected world, emphasizing analytical thinking, creativity, and an entrepreneurial mindset. As Nelson Mandela said, "Education is the most powerful weapon you can use to change the world." We strive to ensure our students are not only prepared to face challenges but also equipped to lead with purpose and resilience.

Looking ahead, we remain committed to excellence in education, research, and service. Our goal is to continue building on our momentum, striving to make DPU a globally recognized institution and a place where innovation thrives.

May you continue to thrive and reach new heights of success...

Dr. (Mrs.) Bhagyashree P. Patil
Pro Chancellor

From the Vice Chancellor's Desk

It is with great pleasure that I present the 21st Annual Report of Dr. D. Y. Patil Vidyapeeth, Pune (Deemed to be University) for the academic year 2023-24. This report offers a comprehensive account of the administrative, academic, and co-curricular activities of the University and its constituent colleges and institutions from 1st August 2023 to 30th July 2024.

At Dr. D. Y. Patil Vidyapeeth, Pune, we have always emphasized a deeper understanding of the true essence of education. Guided by the educational philosophy of the visionary Swami Vivekananda, who once said, "Education is the manifestation of the perfection already in man," we aim to bring out the best in our students. With the dedication and expertise of our faculty, we strive to nurture skilled and knowledgeable professionals, equipped to contribute meaningfully to society. To us, education is not merely about addressing physical and worldly aspects, but also about integrating moral, ethical, and spiritual dimensions.

In a world that is constantly evolving, where industries and sectors undergo rapid transformations, it is crucial to adapt our educational approaches to meet the changing demands. At Dr. D. Y. Patil Vidyapeeth, we recognize the importance of globalized education in shaping modern society. In today's interconnected world, our students have unique opportunities to exchange ideas and gain a deeper understanding of global realities. These experiences empower them to create a future grounded in equity, opportunity, and justice. To facilitate this, Dr. D. Y. Patil Vidyapeeth offers a global platform for our students through collaborations with prestigious international institutions. These partnerships foster interactions with globally renowned experts, enabling the exchange of knowledge, skills, and experiences. This not only broadens students' perspectives but also equips them to succeed in an increasingly interconnected world. Our programs are designed in consultation with experts from various fields. Beyond a solid curriculum, we offer value-added courses that enhance students' communication skills, promote professional ethics, and encourage respect for cross-cultural ideas and human values. We also urge our students and faculty to engage in innovative research programs, contributing to the generation of new knowledge and making meaningful contributions to society.

Dr. D. Y. Patil Vidyapeeth has earned a prestigious 3rd Cycle accreditation from the National Assessment and Accreditation Council (NAAC), with a CGPA of 3.64 on a four-point scale, achieving the 'A++' grade. Based on this, the University Grants Commission (UGC) has granted DPU Category – I status. Additionally, DPU has secured a prominent position in the National Institutional Ranking Framework (NIRF-2024), ranking 5th in the Dental Category, 11th in the Medical Category, 44th in the University Category, and 63rd overall in India. The Vidyapeeth has also been listed in the Times Higher Education World University Rankings 2025, within the 1001-1200 band, and ranked 267th globally in the 'Teaching Metric' Furthermore, it is ranked between 601-800 in the Times Higher Education Impact Rankings 2024 and holds the 66th position worldwide in 'SDG-3 Good Health and Well-being' DPU has also been honored with the coveted Diamond QS I-GAUGE Indian University Rating. All our hospitals are NABH accredited, and all laboratories are NABL accredited, GMP certified, and FDA approved.

As we begin another academic year, I extend my best wishes to all our students, faculty, and staff. May this year be filled with new achievements, professional growth, and continued academic excellence.

Dr. N. J. Pawar
Vice Chancellor

Message from the Pro Vice Chancellor's Desk

Dear Students & Staff,

A heartfelt welcome to all as we reflect upon the remarkable journey we've undertaken together at Dr. D. Y. Patil Vidyapeeth over the past academic year. This Annual Report stands as a tribute to the collective dedication, passion, and hard work that each one of you has contributed, making this year both successful and enriching. It is a time to not only celebrate our accomplishments but also acknowledge the challenges we've surmounted, as we continue to forge ahead in pursuit of our shared vision of academic excellence and societal impact.

Within these pages, you'll find a comprehensive overview of the academic programs, student achievements, and groundbreaking initiatives that have defined this year. From pioneering research to exceptional performances in co-curricular activities, DPU has experienced extraordinary growth. We take particular pride in the spirit of collaboration and innovation that has flourished on our campus, empowering our students to explore new horizons and push boundaries.

As we look ahead into the future, we understand that success is not defined by academic achievement alone. True success lies in cultivating well-rounded individuals who are prepared to thrive in a rapidly changing world. At DPU, our aim is to shape leaders who excel not only in their professions but also in their ability to think critically, collaborate effectively, and act with integrity. Our holistic approach to education is designed to cultivate the leaders of tomorrow.

In conclusion, I leave you with the timeless words of Aristotle: "The roots of education are bitter, but the fruit is sweet." Let us continue to embrace the challenges and opportunities that education presents, knowing that the effort we invest today will yield a brighter, more successful future for all.

Wishing you all the very best in your future endeavors.

Warm regards,

Dr. Smita Jadhav
Pro-Vice-Chancellor

VISION 2025

To develop a Knowledge Centre which will be recognized for its academic pursuits not only in India but also globally.

OBJECTIVES

1. To establish institutions for higher education at undergraduate, postgraduate, and research degree levels, as per societal needs, in fields such as health, engineering, technology, arts, fine arts, performing arts, science, commerce, education, architecture, pharmacy, management, hotel management, catering technology, travel and tourism, finance, law, agriculture, co-operation, rural development, and other relevant branches or specializations. These institutions will fully align with the principles outlined in the University Education Report (1948), the Committee on Renovation and Rejuvenation of Higher Education in India (2009), and the Review Committee for Deemed Universities (2009).
2. To provide specialized instruction and training, distinct from conventional programs, in order to contribute meaningfully to various areas of expertise, as determined periodically.
3. To establish institutions that focus on high-quality teaching and research, advancing knowledge through research programs carried out by a significant number of full-time faculty and research scholars across diverse disciplines.
4. To conduct and manage all activities, programs, courses of study, research, development, examinations, evaluations, and processes essential for the smooth functioning of the institution.
5. To design and implement instructions and training across various modes—formal, non-formal, distance, correspondence, open, and others—as may be determined periodically.
6. To support field research, extension programs, and extracurricular or extra-mural studies that contribute to societal development.
7. To establish and operate colleges and institutions of higher education and specialized studies, both in India and abroad, either independently or in collaboration with other organizations.
8. To encourage curricular, co-curricular, and sports activities to foster the overall personality development of students.
9. To apply knowledge and skills to address local and regional issues, contributing to the development of individuals and society.
10. To establish centers focused on social change, provide healthcare services, and promote awareness regarding personal, community, and social health, hygiene, and well-being, especially among rural populations and industrial workers.
11. To promote national integration and the preservation of cultural heritage, with a special emphasis on India's cultural legacy.
12. To foster a sense of self-respect and dignity among all citizens, particularly among marginalized communities and women.
13. To advocate for freedom, equality, social justice, and secularism, as outlined in the Constitution of India, while nurturing intellectual curiosity, sustained excellence, tolerance, and mutual understanding.
14. To serve as a catalyst for socio-economic transformation, promoting the fundamental values essential for national development.
15. To provide administrative and financial support, infrastructure, and other services to ensure the effective and efficient management of educational institutions.
16. To modify, amend, amplify, extend, expand, abridge, or delete any provisions as necessary to improve and serve the nation and society more effectively.
17. To undertake any additional actions or initiatives deemed necessary or desirable for furthering the objectives stated above, both now and in the future.

VIDYAPEETH AT A GLANCE

- The Government of India, MHRD, on the advice of UGC, declared Dr. D. Y. Patil Vidyapeeth, Pune as Deemed-to-be University comprising Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pimpri, Pune vide its notification dated 11th January 2003.
- Later on, the Government of India, Ministry of Human Resource Development included three more institutions namely Dr. D. Y. Patil Dental College & Hospital, Pune, Dr. D. Y. Patil College of Nursing, Pune and Dr. D. Y. Patil College of Physiotherapy, Pune (which were established in the year 2000) under the ambit of the deemed-to-be-university vide its notification dated 20th September, 2006.
- Subsequently, three new institutes namely, Dr. D. Y. Patil Biotechnology & Bioinformatics Institute, Pune, Global Business School & Research Centre, Pune and Dr. D. Y. Patil Institute of Optometry & Visual Sciences, Pune were approved by UGC; vide its Office Memorandum dated 16th March 2010.
- All programmes offered by the Biotechnology Institute, Management Institute, School of Design and Centre for Online Learning are approved by the AICTE.
- The Ministry of Human Resource Development (MHRD); vide its notification No. F.10-12/2016-U.3(A) dated 23rd February 2018, on the advice of UGC, included Dr. D. Y. Patil Homeopathic Medical College & Research Centre, Pimpri, Pune and Dr. D. Y. Patil College of Ayurved & Research Centre, Pimpri, Pune under the ambit of Dr. D. Y. Patil Vidyapeeth, Pune (Deemed to be University) as constituent colleges.
- Today with 13 Constituent Units and 2 Centres Dr. D. Y. Patil Vidyapeeth, Pune has created a brand name “DPU” in the fields of Medicine, Dentistry, Nursing, Physiotherapy, Optometry, Biotechnology, Management, Ayurved, Homeopathy, Design, Allied Health Sciences, Liberal Arts, Science & Technology, Centre for Online Learning and Centre for Skill Development. It has state-of-the-art infrastructure and dedicated faculty. All the programmes offered in these Constituent Units of the Vidyapeeth are duly recognized by respective Councils such as NMC / DCI / INC / NCISM / NCH / AICTE / UGC / MSOTPT, etc.
- Dr. D. Y. Patil Vidyapeeth, Pune has been Accredited (3rd Cycle) by NAAC with a CGPA of 3.64 on a four-point scale at 'A++' grade on 8th February 2022, valid up to 7th February 2029. Dr. D. Y. Patil Vidyapeeth, Pune is an ISO 9001: 2015, ISO 14001:2015 and Green Education Campus Certified University.
- University Grants Commission (UGC) has granted Dr. D. Y. Patil Vidyapeeth, Pune as Category-I Deemed to be University status as per the provision of Categorization of the Deemed to be University under UGC [Categorization of Universities (only) for Grant of Graded Autonomy] Regulations, 2018 vide UGC letter dated 20th April 2018. Subsequently, DPU has been included in the list of Institutions Deemed to be Universities under section 12B of the UGC Act, 1956 by UGC.
- Under National Institutional Ranking Framework (NIRF) 2024, conducted by the Ministry of Education, Government of India, Dr. D. Y. Patil Vidyapeeth, Pune has achieved rank **5th in Dental Category, 11th in Medical Category, 44th in University Category and 63rd in Overall Category** in India.
- Dr. D. Y. Patil Vidyapeeth, Pune figured in the **Times Higher Education World University Rankings 2025** in the **band of 1001-1200** and **ranked 267th** in ‘Teaching Metric’ worldwide. It also **ranked between 601-800** by **Times Higher Education Impact Rankings 2024** and **ranked 66th** in ‘SDG-3 Good Health and Well-being’ worldwide. Dr. D. Y. Patil Vidyapeeth, Pune has been bestowed with **Diamond Badge** in **QS I-GAUGE Indian University Ratings** on 7th June 2023.
- Under Swachh Campus Ranking 2019 of Higher Educational Institutions, conducted by Ministry of Human Resource Development (MHRD), New Delhi, Dr. D. Y. Patil Vidyapeeth, Pune has achieved 9th rank amongst the Cleanest Higher Educational Institutions in the Country in the category 'Residential Universities – UGC'. Dr. D. Y. Patil Vidyapeeth, Pune, Dr. D. Y. Patil Biotechnology and Bioinformatics Institute, Pune and Global Business School and Research Centre, Pune, were recognised as “Social Entrepreneurship Swachhata & Rural Engagement Cell (SES REC) Institutions, by Mahatma Gandhi National Council of Rural Education, Department of Higher Education, Ministry of Education, Government of India in September 2020.

- Recently, DPU has received “One District One Green Champion” 2021-22 Award for Swachhata Action Plan conducted by Mahatma Gandhi National Council of Rural Education under the Department of Higher Education, Ministry of Education, Government of India.
- DPU is recognized as Scientific and Industrial Research Organization (SIRO) by Department of Scientific and Industrial Research (DSIR) in 2014 for a period of 3 years (30/04/2014 to 31/03/2017) and renewed for further period of 3 years (i.e. 01/04/2017 to 31/03/2020 and 01/04/2020 to 31/03/2023, respectively).
- DPU Ethics Committee has been registered by the Drug Controller General of India (DCGI) for five years since 2013.
- All the four hospitals of Dr. D. Y. Patil Vidyapeeth i.e. Medical College and Hospital, Dental College and Hospital, Ayurved College and Hospital, Homoeopathic College and Hospital have been accredited by National Accreditation Board for Hospitals & Healthcare Providers (NABH).
- The Molecular Diagnostic Lab and all Medical Labs have been accredited by NABL. 'Regenerative Medicine Laboratory' is GMP Certified and 'Sudhatatva Pharmacy' of Ayurveda College is FDA Approved and GMP Certified.
- Dr. D. Y. Patil Biotechnology and Bioinformatics Institute, Pune of the Vidyapeeth has received the prestigious DST-FIST funding for the Development of Infrastructure and equipment for teaching and Research. The Journal of Medical College “Medical Journal of Dr. D. Y. Patil Vidyapeeth” has been indexed in SCOPUS and UGC-CARE. Also, Journal of Dental College “Journal of Dental Research and Review” has been indexed in UGC-CARE.

Animal House Facility:

Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pimpri, Pune, a Constituent College of Dr. D. Y. Patil Vidyapeeth, Pune, has established the CPCSEA-approved Animal House Facility under the Department of Pharmacology of the Medical College. This animal house has a set-up wherein the housing, breeding, quarantine, experimentation, feeding, storage and washing of small animals like mice, rats, guinea pigs and rabbits, essential for research and teaching purposes, is done under the supervision of a Veterinary officer.

RESEARCH AT DR. D. Y. PATIL MEDICAL COLLEGE, HOSPITAL AND RESEARCH CENTRE, PUNE

The research infrastructure at Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pune includes the OPDs and the In-patient Wards catering to the patients attending the hospital, the staff and employees taking care of the patients in the hospital as part of the 37 Departments at the Medical College, the Clinical Trials Unit, the Central Research Facility and the Central Clinical Laboratory. Facilities are provided for initiating new projects at the medical college by providing seed money. Facilities are also provided for patenting new products and for copyrights by providing the guidance and the funds required for the patents and the copyrights. The infrastructure also includes the excellent library on the campus and the e-resources available on the college website at medical.dpu.edu.in. To help the faculty and the students with their research related activities, several e-resources have been provided in the medical college website at medical.dpu.edu.in. These include access to SCOPUS, WOS, UPTODATE, OSMOSIS, Research to Publication (UCSF/BMJ), QMED, Clinical Key and COCHRANE.

ICMR CENTERS FOR CLINICAL TRIALS: ICMR WEST ZONE

Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pune has been recognized by the Indian Council of Medical Research (ICMR) as the ICMR Centre for Clinical Trials for the Western Zone in India. Further details are given in the communication from ICMR received below:

- **ICMR Project entitled- ICMR-National Clinical Registry of COVID-19**

Funding Agency- Indian Council of Medical Research (ICMR), Delhi

Principal Investigator-Dr. Sachin Shivnitwar

Project duration– 14 June 2021 to 31 August 2024. (ongoing) , Budget sanctioned-34,05,192.77/-

The primary objective of the "National Clinical Registry of COVID-19" project is to establish a digital repository for comprehensive data collection on clinical and laboratory aspects, treatments, and outcomes of COVID-19 patients hospitalized in India. Its secondary objectives encompass several key areas: 1) Investigating various facets of COVID-19, such as its natural progression, examining the disease spectrum, identifying prognostic and risk factors, and documenting treatment outcomes. Additionally, it seeks to explore contextual questions, like the impact of COVID-19 on individuals with tuberculosis or those affected by malnutrition. 2) It serves as a platform for conducting additional clinical research studies at specific sites. 3) The registry aims to gather follow-up data on COVID-19 patients discharged from registry sites. The study commenced after securing approvals from the Central Ethics Committee and Institutional Ethics Committee. It involves prospective data collection on all COVID-19-confirmed hospitalized patients, regardless of age or gender, starting from June 14, 2021. Since the registry does not pose any harm to participants, prior consent is not required. However, written consent is obtained for telephonic follow-ups. Follow-ups are conducted monthly for the first three months and then every three months for up to a year. Data is collected on the day of admission and every other day until discharge or death. Separate forms exist for admission, daily records, death/discharge, as well as specific forms for individuals below 19 and healthcare personnel, as needed. A verbal autopsy form is also available for post-discharge deaths, with telephonic interviews for this purpose.

- **ICMR Project entitled- Factors associated with sudden deaths among adults aged 18-45 years India: Multicentric matched case-control study.**

Funding Agency- ICMR- National institute of Epidemiology, Chennai.

Principal Investigator- Dr. Sachin Shivnitwar.

Project duration- October 2021 and March 2023, Budget sanctioned-1,50,000/-

In response to recent media reports regarding sudden deaths among young adults, the Indian Council of Medical Research has initiated a study to investigate the underlying causes of these unexpected fatalities in individuals aged 18-45 in India. The study aims to compare data from those who passed away suddenly in a hospital or were brought in already deceased between October 2021 and March 2023 with that of individuals who are currently alive. It specifically seeks to explore factors such as a history of COVID, COVID vaccination status, contact with COVID-positive individuals, and intense physical activity immediately preceding the fatal event. The findings from this study will provide valuable insights for both healthcare professionals and the wider community. Study will be conducted in selected hospitals from the National Clinical Registry for COVID-19 network and others as well as at the community level. Data will be collected from the existing case records and from the family members of the participants.

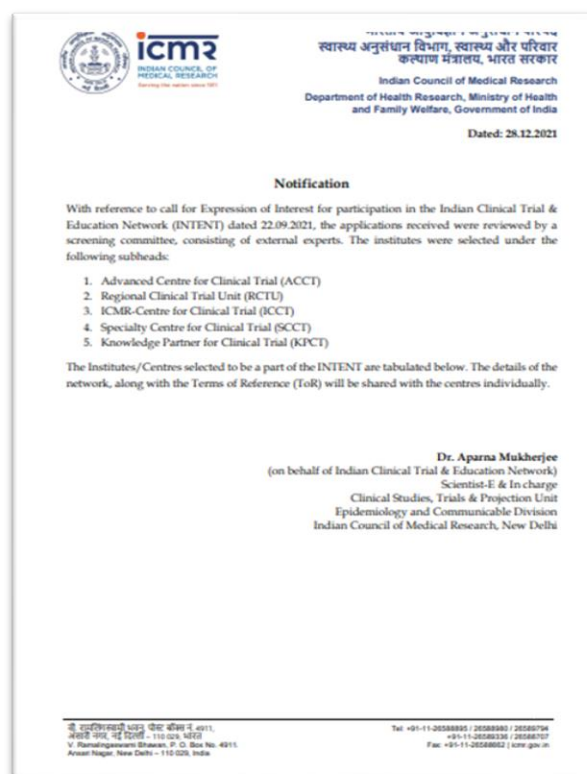

- **ICMR Project entitled- Effect of COVID-19 vaccine on thrombotic events among 18-45-year-old population in India, 2022: Multicentric hospital-based matched case-control study.** Funding Agency- ICMR- National institute of Epidemiology, Chennai.

Principal Investigator-Dr. Sachin Shivnitwar.

Project duration- October 2021 and December 2022

Budget sanctioned-1,68,700/-

The development of safe and effective vaccines plays a pivotal role in mitigating the SARS-CoV-2 pandemic. Vaccines authorized for inclusion in national immunization programs are deemed safe and effective based on clinical trial data. The Indian Council of Medical Research (ICMR) aims to undertake this study to investigate potential severe health issues linked to COVID-19 vaccines administered in India, focusing on individuals aged 18-45. A methodical evaluation of vaccine safety is essential to ensure the continued use of safe vaccines and to sustain public confidence in vaccination efforts. ICMR-NIE will employ a hospital-based matched case-control design for this study. Cases are individuals aged 18-45 in study hospitals who have experienced specific thrombotic events in the 18 months following the study's initiation. This timeframe allows for diverse exposure to vaccine doses. Controls are also individuals aged 18-45, admitted to the same hospitals within ± 7 days of the cases' hospitalization, but without thrombotic events, adverse events from COVID-19 vaccination, or respiratory illnesses. Control selection includes patients from various departments like orthopaedics, ophthalmology, otorhinolaryngology, and more. The outcome variable is newly diagnosed thrombotic events, including arterial and venous thrombosis. Primary exposure is defined as receiving at least one dose of any COVID-19 vaccine within 42 days of thrombotic event symptom onset (for cases) or hospitalization (for controls).

CLINICAL TRIAL UNIT

Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pimpri, Pune, has an established Clinical Trial Unit with all the Clinical research facilities. This unit is well equipped with all the essential constructs for clinical trials in the form of required infrastructure as refrigerators and deep freezers with continuous temperature monitoring devices for Investigational products and specimen storage respectively. The staff of the Department are GCP and ICH-GCP trained.

EXTRAMURAL CLINICAL TRIALS AND RESEARCH PROJECTS

Among the extramural projects funded from within the country, 19 research project proposals were completed recently (11 projects) or are ongoing (8 projects) at our medical college, another seven projects are on the verge of being initiated soon and nine more research projects are in the pipeline. An MOU for research collaboration has been signed between Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pune and Haystack Analytics Pvt. Ltd. (IIT Mumbai-based startup company). They mainly deal with Whole Genome Sequencing of TB strains (both susceptible and resistant) and have also developed methods for the diagnosis of sepsis.

INTERNATIONALLY FUNDED CLINICAL RESEARCH PROJECTS

Among the international collaborative research studies of our medical college, presently we have two NIH-funded collaborative projects worth \$1408705/ and one CDC-funded study worth \$ 180958/ USD in collaboration with Johns Hopkins University. USA

We have signed an MOU for launching an NIH-funded study worth \$ 68019/ with Boston University, USA and the project is expected to start soon. An MOU has been signed between MRI Global & DPU for study of drug-resistant TB and the grant for the \$27,602/ project has been approved by MRI Global, USA Collaboration with Harvard University (with funding by Harvard-Dubai Centre for Global Health Delivery Amount: \$66000) entitled: Assessing pathways to care among tuberculosis (TB) and drug-resistant tuberculosis (DR-TB) patients in Pune City, India: a biosocial inquiry. Study done during the period Jan 2018 to June 2019. The project has been completed.

A RESOURCE AND INFORMATION : CENTRE - LIBRARY

- I] Flow cytometry Facility:** The facility offers a versatile tool of Flow cytometry for the multiparametric analysis of various cell types. It serves as a centralized hub, offering technical expertise and advanced flow cytometry equipment (**BD FACSLyric**) to support and enhance research requiring cell analysis for various disease condition with a mission to facilitate the design and execution of both basic and applied research through the services for in-vitro diagnostic (IVD) applications, aiding in the medical assessment of various conditions facilitating CD4/CD8 Enumeration; TBNK (T-cell, B-cell, and NK-cell) Enumeration; HLA B27 Testing; CD34 Enumeration; HLA Cross matching; Leukemia/Lymphoma Phenotyping.
- II] Confocal Microscopy and Bioimaging Facility:** The Zeiss LSM 710 Confocal Microscopy and Bioimaging serves as a common platform and enables basic researchers and clinicians to understand bioimaging capabilities for studying cellular morphology and biology in different disease conditions. It caters to rendering biomedical imaging for biofilm detection in various clinical samples and pharmacological investigations of drugs; tissue imaging for plant cells, animal cells for identifying pathogens and protein expression studies and cell senescence/death. The facility serves as a connecting link between medical students, clinicians, and researchers in performing translational research as an extension of healthcare in new applied medicine projects and collaborative research endeavors.
- III] Tissue Culture & Cell Biology Facility (TCCB):** The Tissue Culture & Cell Biology Laboratory (TCCB) is functioning as a central hub for research in animal and human cell science. The primary emphasis is on establishing cell cultures from human tissues acquired as biological waste and biopsy specimens. The laboratory is adequately equipped with essential infrastructure and consumables for cell isolation, multiplication, and cryopreservation for cell banking. The focus will mostly be on primary cell culture derived from human tissue samples and further establish new cell lines from these cancer tissues. These cell cultures will be critical for assessing the toxicity of various chemicals, pharmaceuticals, Ayurvedic Rasayanas, homeopathic formulations, for assessing their cell proliferative or cell inhibitory activities and anti-senescence ability if any and assessments related to targeted mode of action in different disease conditions.
- IV] Molecular Diagnostics Facility (Real Time PCR and ELISA testing) :** The Molecular Diagnostics Facility, facilities diagnostic testing for SARS-CoV-2 virus, Fever virus panels, other viral infections and pathogens. The facility serves as a molecular laboratory that supports various inter-disciplinary projects and compliments the medical college with specialized molecular diagnostic testing that encompass real-time PCRs and ELISAs for various diseases.

MISSION:

To bring together fundamental researchers and physicians on a shared platform to better understand disease processes and develop therapeutic approaches, harness inter-disciplinary research and and facilitate drug discovery through **expert consultation:** provided by a team of scientific and technical specialists; **state-of the art equipment access:** supported by trained operators to ensure optimal usage; **data analysis assistance:** customized support tailored to the needs of individual researchers and their projects.

OBJECTIVES:

1. To build a disease model in a lab (in vitro model) using a cell culture approach to better understand mechanisms leading to disease.
2. To use existing model systems while also developing new in vitro models for drug toxicity testing and pharmacological research for drugs and new chemical entities
3. To repurpose and explore use of old known drugs in cell proliferation and cell senescence / death.
4. To create organ-specific models to investigate cell-drug interactions with supportive bio-imaging for various infectious diseases and Cancer.
5. To store human tissues obtained from biological waste to facilitate research.
6. To conduct clinical investigations by analysing clinical specimens with cutting-edge technology.
7. Ensure Quality and Safety: Maintain sterile conditions and follow strict protocols to prevent contamination and ensure reliable results. Adhere to ethical standards and regulatory compliance in cell culture practices.

VISION :

To act as a liaison between medical students, residents, clinicians, research fellows while doing translational research

1. To advance basic, clinical, and translational research by bringing clinicians and scientists together on innovative applied medicine projects from bench to bedside
2. To provide structure and resources to promote scientific contacts between different departments of medicine divisions, and various other medical fields like Ayurveda, Homeopathy as well as collaborative research among clinical and research staff, students, residents, and fellows.
3. To establish seminar series and annual symposia so that students, fellows, and professors can present and discuss their discoveries.
4. To hold tissue culture training and other technical workshops on a regular basis for internal and external academics for knowledge upgradation.

All these programs provide well-defined competencies, knowledge, skills and lead to a perfect career. The Vidyapeeth has constituted Nineteen Boards of Studies under the nine different faculties to administer the entire programs.

CURRICULUM DEVELOPMENT AND VALUE ADDED SESSIONS TO ENHANCE COMPETENCY

The curriculum is planned as a purposeful progressive and systematic process in order to create positive improvements in education system. Changes happening around the world and at national level are considered in the development of university curricula. There is a need to update the curriculum in order to address the society's needs. Curriculum has become a dynamic process due to the changes that occur in our society. It is important for the university, learners, teachers and researchers to produce students that can give the best back to the society. The Vidyapeeth has to develop curricula for the programmes that are innovative and in demand in the local and global market. The curriculum development and enrichment by value added courses enhances competency of learners.

The Vidyapeeth has 9 faculties - Medical, Dentistry, Allied Health Sciences, Nursing, Science and Technology, Commerce and Management, Ayurved, Homoeopathy and Liberal Arts, 19 Boards of Studies, Academic Council, Board of Examinations and Executive Council. The curriculum design, introduction of new and innovative courses and research planning is undertaken through College Councils.

CURRICULAR DEVELOPMENT AND PROCESS OF APPROVAL:

- Review of current status and feedback
- Need based assessment and relevance
- Curriculum development workshops
- Development of draft curriculum by departmental and college committees
- Discussion and finalization of the draft curriculum by the respective Boards of Studies and Faculties
- Consideration and approval of the curriculum by the Academic Council
- Approval by the Board of Management
- Implementation of the curriculum through official notification made known to all the stakeholders
- Discussion on curriculum transactions and methods of transactions at staff councils / college councils
- Periodic review of the curriculum based on the implementation processes and its acceptability, utility and reach within the time frame
- Collection of feedback from all the Stakeholders on the curriculum
- Conveying the feedback to the Boards of Studies / Faculty for the review, update, or modification /clarification
- Periodic curriculum development workshops involving experts from outside to consider the recent advances in curriculum development of prestigious institutions at global level.

CONTINUOUS EDUCATION PROGRAMS

UNIVERSITY CENTRE FOR PROFESSIONAL EDUCATION AND FACULTY DEVELOPMENT (UCPE&FD)

The University Centre for Professional Education and Faculty Development (UCPE & FD), Dr. D. Y. Patil Vidyapeeth, Pimpri, Pune (DPU) organized several Workshops in Health Sciences Education Technology.

Overall Goal: The primary goal of the faculty development workshops was to help faculty of DPU enhance their teaching skills. Participants learn how people learn, the basics of teaching-learning process, concepts of curriculum, effective teaching for different group sizes, appropriate use of audio-visual aids and effective planning and conduction of student examinations.

Activities conducted by UCPE & FD :

The following activities were conducted by the UCPE & FD in the year 2023-24:

No	Event	Dates	Participants Trained
1	Theory and Practice of Problem-Based Learning (PBL) Seminars and a Skill Development Workshop	8 th and 9 th February 2024	213
2	Newer Assessment Methods - OSCE and Workplace-Based Assessment	3 rd November 2023	44

Theory and Practice of Problem-Based Learning (PBL) Seminars and a Skill Development Workshop

The University Centre for Professional Education and Faculty Development (UCPEFD) at Dr. D. Y. Patil Vidyapeeth, Pune, hosted a two-day seminar and workshop on **Theory and Practice of Problem-Based Learning (PBL)** on February 8-9, 2024. The program aimed to deepen participants' theoretical knowledge of PBL, explore open- and guided-discovery learning, and provide hands-on experience through live PBL tutorials with dental students. 213 Participants gained insights into effective problem development and writing techniques.

Key Sessions:

- **Day 1:** Included an introduction to PBL, a live tutorial with second-year dental students, and a discussion on its foundational principles.
- **Day 2:** Featured advanced PBL tutorials, group discussions, lecture on practical applications, and problem-writing exercises.

The resource faculty was led by **Professor Lakshman Samaranayake**, an eminent dental academic with over 30 years of experience in clinical research and pedagogy. Renowned globally for his expertise in oral microbiomics, Professor Samaranayake has received numerous international accolades, including the King James IV Professorship and the Distinguished Scientist Award. His leadership at top-ranked dental schools added a rich perspective to the works. Workshop on Theory and Practice of Problem-Based Learning (PBL) held on 8th -9th February 2024

Newer Assessment Methods - OSCE and Workplace-Based Assessment

On November 3, 2023, workshop by the University Centre for Professional Education and Faculty Development (UCPE & FD) on Newer Assessment Methods - OSCE and Workplace-Based Assessment was conducted to train 44 faculty members on innovative formative and summative assessment methods.

Key Highlights:

- **Focus:** Tools like OSCE, OSPE, and workplace-based assessments.
- **Sessions:** Included hands-on OSCE training, station writing, and standardized patient training.
- **Resource Faculty:** Dr. Gaurang Baxi, Dr. Pramila Menon, Dr. Pallavi Bajpayee, Dr. Shilpa Kshirsagar, and Dr. Rashmi Rajashekhar. The event featured interactive sessions, practical exercises, and concluded with a valedictory, equipping participants with modern assessment techniques. Workshop on Newer Assessment Methods - OSCE and Workplace-Based Assessment held on 3rd November 2023.
