RESEARCH PROGRESS

DPU is unwavering in its goal to build a workforce prepared for the future and provide long-lasting answers to pressing problems by forging these alliances. In addition to enhancing academic and research capacities, our cooperative strategy upholds DPU's position as a world leader in sustainable and inclusive development. Our common goal of changing lives, empowering communities, and making the globe healthier and more prosperous motivates us and our partners.

D. Y. Patil Vidyapeeth plays a vital role in the global effort to achieve the Sustainable Development Goals (SDGs) through active participation in international collaborations aimed at gathering and measuring relevant data. These collaborations enhanced help us understand the progress towards the SDG and inform evidence-based policymaking. These collaborations cover an array of areas, such as academic exchanges, clinical trials, medical diagnostics, medicinal advances, and healthcare delivery. Through these programs, DPU works to address issues related to healthcare on a national and international level, improve healthcare systems, and provide access to high-quality healthcare services. This report offers a thorough analysis of the global partnerships that DPU's partner institutes have engaged in, highlighting their significance to Research Progress.

Dr. D.Y. Patil Vidyapeeth has built 12 international collaborations with prestigious institutions across the globe.

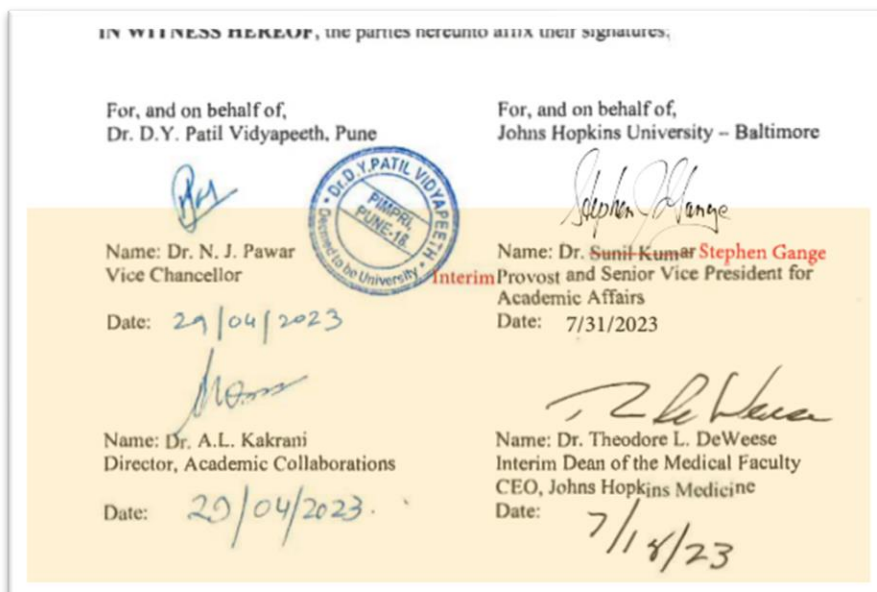

S.No.	Title of the MoU	Name of the partnering	Year of commencement	Duration	List the actual activities under each MoU
